GOVERNMENT OF MADRAS.

REVENUE DEPARTMENT.

READ—Proceedings of the Board of Revenue (Land Revenue), dated 19th June 1891, No. 4228, Mis.

ABSTRACT.—Transferring to the Settlement Department, with remark, letters from the Collector of Coimbatore forwarding copy of Mr. Moss' final report on the experiment conducted by him with the "Scrub Exterminator."

READ—Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 19th June 1891, No. 3053, Mis.

ABSTRACT.—Submitting, with remarks, letter from the Acting Principal, Madras College of Agriculture, reporting on the effect produced by the recent fall of rain on the "Cactus" which had been treated with the "Scrub Exterminator," and suggesting that it is desirable that the compound should be analysed.

READ—endorsement of the Public Works Department, dated 20th June 1891, No. 420-D.

ABSTRACT.—Transferring certain papers regarding the trial of "Scrub Exterminator."

READ—Proceedings of the Board of Revenue (Revenue Settlement, Land Records and Agriculture), dated 30th June 1891, No. 3245, Mis.

ABSTRACT.—Recording, with remarks, Board's Proceedings (Land Revenue) transferring letter from the Collector of Coimbatore forwarding Mr. Moss' final report on the experiment conducted with the "Scrub Exterminator."

ORDER—dated 16th July 1891, No. 642, Revenue.

Miscellaneous.

The experiments, of which the results are reported in the papers read above, show that the "Scrub Exterminator" does not possess any material advantages over the ordinary methods of eradicating prickly-pear and other plants, while it is certainly more expensive: the danger to cattle and sheep caused by its use must also be reckoned against it. The Government, therefore, considers that it would be useless to obtain any large quantity of the chemical for further experiment. The Government, however, concurs with the Board in considering that it would be desirable to analyse the compound, and the Director should arrange to have this done.
