P. W. DEPARTMENT.

Read the following:—

FOR ORDERS.

The Current year's grant for temporary establishment is Rs 162,500, and the sanctions against that grant will amount to Rs 150,500 by the end of the official year; there is therefore an anticipated saving of Rs 12,000.

The Department is very short handed as regards Assistant Engineers*, owing to some Divisions being in charge of Officers below the rank of Executive Engineer Permanent,

* This restriction affects the Upper Subordinate establishment also.

it

it is impossible to post
the proper number of
Assistant Engineers to
all the Circles. There
is no provision made
for absences in our
sanctioned scale of
Assistant Engineers, and
in the Upper Subordinate
Establishment only three
Superintendents are allowed
out of 179 men, the consequence
is that whenever an man
goes on leave for two or
three months much
inconvenience is caused.
The IV Circle is now in
much need of assistance,
for two men are absent
from duty although
included in the list
are on suspension and
the other pending retire-
ment and from the
statement attached
it will be seen that none
of the other circles can
afford to lose men.

I would suggest sanction

finally settled whether
the establishment is 178 or 179

be given for the appoint-
ment of ^{three} temporary
overseers ~~at 60 Rs. each~~
for employment during
the remainder of this
year and during 1891-92
whenever their services
are most required.

The men will not necessarily
be all appointed at once
but it is desirable that
the sanction should be
recorded to enable this
office to appoint men
as required, provided the
estimate for temporary
establishment is not exceeded,
of which there is no probability.

For next year 1,70,000 is
provided for temporary
establishment. There is
a very large grant to work
out under Provincial -
36,50,000 and it would be
a great advantage to
strengthen the establishment
of the circles, this year, so
that there may be no
delay

in next year that can
be attributed to want
of establishment.

Approved. I don't think any
possible endowment will be
made to prevent lapses of
fund this year except. I
should say the 35 lakhs grant
ought to be spent. A very large
proportion, probably six or seven
lacs to be spent by the end of the
year.
