10TH SEPTEMBER 1891, No. 2431 W., PUBLIC WORKS.

PUBLIC WORKS DEPARTMENT.

General.

LETTER—from

Colonel J. PENNYQUICK, R.E.,
*Secretary to the Government of Madras,
Public Works Department,*

To

THE SECRETARY TO THE GOVERNMENT OF INDIA,
PUBLIC WORKS DEPARTMENT.

SIR,

In reply to your letter No. 2125 G., dated 8th August 1891, I am directed to invite your attention to para. 96-A., Madras Public Works Code, which contains the present rule regarding the admission to the Public Works Department of passed students of the Madras College of Engineering. No fixed number of appointments per annum is guaranteed, but six months prior to the final college examination the Chief Engineer notifies in the *Fort St. George Gazette* the number of appointments likely to become available for competition. The number of appointments thus guaranteed, or a larger number if vacancies exist, are given to passed students in the order of merit, subject to the satisfactory completion by them of the two years' practical courses laid down by the college rules.

2. The number of appointments guaranteed to the students who completed their theoretical course in December 1888 was six, while nine of them were appointed overseers, third grade, in January 1891 after completion of their practical courses. Two appointments have been guaranteed to the students who completed their theoretical course in December 1889, four to those who completed it in December 1890, and four to those who will complete it in December 1891, and in all cases the appointments are subject to the satisfactory completion of the practical courses. The number of appointments guaranteed each year is fixed with reference both to the number of students likely to compete and to the number of probable vacancies.

3. The guarantees above mentioned are applicable solely to Civilian students of the college. Successful Military students at the end of their first year of practical instruction are brought on the establishment as apprentice overseers and are subsequently appointed overseers, first grade, under the rules in paras. 101-D. to 106, Madras Public Works Code. The number of soldiers admitted to the college in any one year is restricted to five under the college rules.

4. I am to add that no guarantees were given to Civilian students of the college prior to 1888, that year being the first which witnessed the completion of the

extended theoretical course laid down by the revised rules of the college. The actual number of appointments made to the permanent establishment was as follows :—

										Civil.	Military.
1886	...	...	...	...	...	...	...	...	...	3	0
1887	...	...	...	...	...	...	...	...	...	5	2

Sir,
