11TH SEPTEMBER 1891, No. 2442 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following papers :—

Office-note from the Examiner, Public Works Accounts, dated Madras, 10th August 1891, No. 4552.

[G.O., No. 331 W., dated 5th February 1891.]

In the estimates sanctioned in the above Government Order for the construction of a powder magazine on Stonehouse Hill, Octacamund, provision has been made for accommodation for small arms ammunition of the Nilgiri Volunteer Rifles. The charge on this account to Imperial Military appears irregular, as such accommodation should be met from the capitation grant of the corps (see Army Regulations, India, vol. IX, section XVIII, para. 460).

2. I would, therefore, enquire whether a proportionate share of the cost of the building should not now be recovered from the corps—please see also the decision of the Government of India in the case of Yercaud Volunteer Rifles (G.O., No. 1821 W., dated 4th July 1891).

No. 3766 C.

Copy forwarded to the Superintending Engineer, IV Circle, for favour of information as to the proportionate share of the cost of the building which should be charged to the Volunteers.

(Signed) O. V. BODDY, Major, R.E.,
Under-Secy. to Govt., P.W.D.
18th August 1891.

From J. C. LARMINIE, Esq., Executive Engineer, Coimbatore Division, to the Superintending Engineer, IV Circle, dated Coimbatore, 27th August 1891, No. 5156.

With reference to your No. 803 C.I., dated 21st instant, I have the honour to inform you that half the cost of the building should be recovered from the Nilgiri Volunteer Corps, as half the building is used for small arms ammunitions of the corps. Total cost of the work is Rs. 1,514-15-11.

No. 452 W.

Copy submitted to the Chief Engineer, Public Works Department, with reference to his memo. No. 3766 C. of 18th August 1891.
