Civil Works.

READ—the following paper:—

From Colonel J. M. SMITH, Inspector-General of Jails, to the Chief Secretary to Government, dated Ootacamund, 19th August 1891, No. 316.

I have the honour to forward the accompanying letter * from the District Magistrate, Nilgiris, for such orders as the Government may deem fit.

2. There are at present three warders attached to the Subsidiary jail, who have been living in the buildings, known as the "Native warders' lines," since the creation of their appointments, and I agree with the District Magistrate that these men should be provided with quarters free of rent in close proximity to the jail, more especially as they have to perform the duties of watch and ward of the jail, into which not only convicts, but civil debtors, and also insanes are admitted, and I venture to think that the Government, when passing orders † on the distribution of the jail building, may possibly not have been aware that three of the eight apartments comprising the warders' lines were already occupied by the three warders attached to the Subsidiary jail.

ENCLOSURE.

From C. F. MacCARTIE, Esq., Acting District Magistrate, Nilgiris, to the Inspector-General of Jails, dated Ootacamund, 7th August 1891, No. 791.

I have the honour to report that the Assistant Superintendent of Police has requested me to order the three sub-jail warders doing duty in the Ootacamund sub-jail to vacate the lines they are now occupying in the jail buildings on the ground that the whole of the lines have been assigned to the Police Department for occupation.

2. I consider that this request cannot be complied with, as the warders must be provided with rent-free quarters near their work which requires their attendance at the sub-jail day and night.

3. I, therefore, request that you will address Government and secure for them free quarters near their work.
