SUPERINTENDING ENGINEER'S OFFICE,

No 414 W.

V Circle, Madras.

Forwrd
2 Sept 1891

From

Major D. McNeill Campbell RE

SUPERINTENDING ENGINEER, V CIRCLE,

To

The Chief Engineer
P.W. Dept

SIR,

With reference to para 3 of G.O. No 2291 W dated 20 Aug 1891. I have the honor to state that the Estimate in question was prepared by Mr. Peter Incentive Engineer in charge of the Cuddalore Bridges at the request apparently of Colonel W. A. Burton RE late Supg. Engineer in this Circle.

In submitting the Estimate Mr. Peter wrote: "This estimate was ordered verbally by the late Supg. Engineer with a view to putting it before the Cuddalore Municipality or Local Fund Board and asking them if they were prepared to provide funds for carrying it out."

"The Estimate for the Bridge, only
"provided for one approach and
"that was made in a straight line
"towards the Station. The Bridge can,
"of Course, be reached from the old
"Town Road by going up towards the
"Station - but it was pointed out that
"most of the heavy traffic went by
"the old Town Road which is also
"the main through road leading to
"the South, the other road going only
"a few miles beyond the Station and
"the want of a direct approach from
"Old Town would be inconvenient."

I have the honor to be,
Sir,

Your Most Obedt Servt

J. W. Russell Major &c
Superintending Engineer
H. C. C.

From

THE SUPERINTENDING ENGINEER,

V CIRCLE.

To

THE Chief Engineer
P.W. Dept.
