19TH AUGUST 1887, No. 2213 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Military Works.

READ—the following letter from the Officiating Secretary to the Government of India, Military Department, to the Secretary to the Government of Madras, Public Works Department, dated Simla, 27th July 1887, No. 1531 M.W.:—

I am directed to acknowledge the receipt of your letter, No. 1858 W., dated 11th July 1887, inquiring whether, when there are no alterations, or only trifling deviations from the printed return, of public military buildings submitted in the previous year, it is necessary to forward a complete printed return for each succeeding year; or whether it will be sufficient merely to intimate the fact of there being no changes, or forward a list of such trifling alterations in manuscript.

2. In reply, I am to state, for the information of the Governor in Council, that, when there are no alterations, it will be sufficient to inform the Government of India to that effect; and that, when there are only small changes, a statement of corrections required in the returns may be forwarded. It would, however, be convenient if the corrections were in print and on such form that they could be pasted in the returns to which they belong.

ORDER—dated 19th August 1887, No. 2213 W., Public Works.

Communicated, with reference to the orders marginally noted, to Superintending Engineers and the Military Department.

No. 1934 W., dated 20th August 1885.
„ 2169 W., „ 16th Sept. „

2. When complete printed returns of public military buildings in all circles have been once submitted, it will be sufficient, in succeeding years, to forward simultaneously to the Chief Engineer and the Quartermaster-General, as soon as possible after 1st April, either *nil* returns of changes, or printed * statements of changes, in the form desired by the Government of India. It will be left to the discretion of Superintending Engineers to reprint the return when the alterations or additions are becoming numerous.

* Six copies to the Chief Engineer.

3. The return of changes in the register of public military buildings for the year ended 31st March 1887, forwarded by the Superintending Engineer, I Circle, on the 17th June 1887, should be re-submitted in print in accordance with this order.

No. 666 C, dated 9th February 1889.

MEMORANDUM.

It having been noticed that the extracts from registers of public buildings submitted annually to this office under para. 975, Public Works Code, involve a large amount of clerical labor, the Chief Engineer has the honor to suggest that, as in the case * of military buildings, the registers should be printed once for all, and complete printed copies supplied to this office from each circle. Thereafter it will only be necessary to forward annually *nil* returns of changes, or correction slips printed in such form that they can be pasted in the returns to which they relate.
