J.C. 4985

No. 7050

Chief Office of the Inspector General of Police,
Madras, 9th December 1890.

From

Colonel H.W.H. Cox,
Asst. Inspector General of Police,

To

The Chief Secretary
to Government,
Fort Saint George.

SIR,

12. Enclosures.

I have the honor to submit for sanc-
tion Public Works Department plans
and estimates for the construction of—
2 Site plans
2 Building plans
2 Detailed Estimate (1) 3rd Class Station House at Royaveram—Rs 1020
2 Abstract—do— (2) 1st Class Station House at Gudur—Rs 2130
2 Reports
2 Specifications in the Bellary District.

2. The Superintendent of Police reports
that Royaveram is on the Bellary-Mistna
State Railway line and that a pukka
building is very necessary.

3. The present Station House at Gudur
is located in a rented building as the old
building is in a very unsafe condition
and the Executive Engineer reports
that it is useless to attempt to

repair

repair it.

I have the honor to be,
Sir,
Your most obedt. Servt.,

R. 23/12

Public Works Department

Current No. 59

Letter No. Nil

Dated 30th December 190

From the Judicial Dept.

Return to S. for sanction, after
making the alterations

NOTE OF REMARKS.

The accompanying plans and
estimates for constructing
Police Stations at the under-
mentioned places in the
Mellore District are
submitted for sanction.

- (1) 3^d Class Station
house at Royaveram Rs 1020
(2) 1st Class Station
house at Gudur - " 2130
Total Rs 3150

These station houses are
to be built in accordance
with the Standard designs
for tiled building circ-
ulated with G.O. No 1828 of
2nd August 80.

Particulars of construction.

Foundation, basement and

of the 3^d Class station house
and superstructure are to be
built with rough stone in
mortar & those for the 1st
Class station house with
brick in mortar, and both
sides of the walls of the two
stations are to be plastered
with two coats of Chinaman
& with two coats of white
wash.

Flooring to 3^d Class station
house is to be of concrete
& plastered over with
Portland Cement and that
for the 1st Class station
flooring is to be ~~sgre~~ bricks
except lock up in bottle
cases which are to be of
6" jelly & painted over with
tar & asphaltic composition.

Roofing in both cases is to be
tiled, but lock up in each is
to be provided with 1" teak wood
planking under tiles for 1st
Class station & 1" country wood
planking under tiles for 3^d Class
station.

Roof timbers are to be
of teak wood for 1st Class
station & country wood
for 3^d Class station.

The scantlings of roof timbers
are correct.

The rates for tile roofing,
& flooring cannot be checked
but the S. E. II Circle has
submitted data list for
these rates. The other
rates are fair.

It is stated in the
report accompanying the
estimate of \$1020 that
the rates are higher owing
to the Railway works
being so near. Tiles
and some other materials
have to be carted from
a long distance.

The amount of estimate
of 3^d Class station is
reduced from \$1020
to \$1010 on account
of the rate which is
entered in the estimate
as \$2-00 per Rft. of
mouldings over exterior
openings, it should be
as \$ per Rft. For the
similar kind of work
in the other estimate of
\$2130, Running feet
is

is charged only as 4.

corrected amount will
be inked in after it
has been approved.

Compensation for land
is not required for 3rd
Class station as the land
required is the village
site. The existing station
at Gudur which is cracked
badly & unsafe will
be dismantled & new
1st Class station will be
built in the same com-
pound. Compensation for
land is not therefore
necessary.

The plans & estimates
have been countersigned
by the S. G. of Police &
approved in the
Judicial Dept.

S. G.
10-1-91

P. W. D. 25/5

Note by the Chief Engr P. W. D.

The estimates
for the construction
of police station
houses at Gudur
and Royaveram in
the Bellare District
are submitted ~~for~~^{to}
~~the Government of Govt.~~
with the remark
that the estimate
for the station house
at Royaveram has
been reduced from
Rs 1020 to Rs 1010
by the alteration of
the rate given in the
estimate for mouldings
over exterior openings
from Rs 2 to annas
2 per running foot.
