GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers:—

From Major D. McN. CAMPBELL, R.E., Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department (through the Examiner, Public Works Accounts), dated Chepāk, 14th May 1891, No. 239 W.

I have the honour to forward a special indent on the Director-General of Stores in England for articles required for No. I Periyār division.

2. The indent is submitted on the requisition of the Superintendent of Works, Periyār, to the General Superintendent, Public Works Stores.

Office-note from the Examiner, Public Works Accounts, dated Madras, 21st May 1891, No. 2874/153.

The accompanying letter from the Superintending Engineer, V Circle, to the Chief Engineer, Public Works Department, No. 239 W., dated 14th May 1891, with an indent (No. 2 of 6th May 1891) for English stores, for transmission to the Secretary of State, is forwarded for necessary action.

2. I certify that funds to meet the estimated outlay in England in connection with this indent during the year 1891-92 have been provided by the Local Government to the extent of £35-12-10 in the estimate of the Public Works Department for that year.

ORDER—dated 1st June 1891, No. 1487 W., Public Works.

Ordered that the indent be forwarded to the Home Government for compliance.

(Here enter No. 1488 W., dated 1st June 1891.)

no. 2595 Madras Periyar Project Works

Sir,

We enclose our tender for the Livers Belt Stretcher required.

With regard to the Belt Shippers we note you say that they
are required to ship 8" to 12" belts. This work is not possible by
hand nor is any shipper made of such a capacity. The flexible arm
type for which you ask is not suitable for belts wider than 4". The
only thing we can propose is to supply our Safety Belt Shippers
No. 3 which are for belts 4" to 8" and the price of 18s each or £10.16.0
for the 12.

We are &c.

Wm Selig Sonnenenthal & Co.

It is requested that in any further communication
on this subject the under-mentioned letter and
number may be quoted, and the reply addressed to

27th August 1891.

Sir,

With reference to your letter of the 1st June 1891,
No. 1488 W, forwarding an indent, No. 2 of 1st June 1891,
for stores for the Periyar Project Works, I have the honour
to state, with regard to the following item—

Patent flexible arm belt shipper for putting belts
on pulleys while machinery is in motion from 8" to
12" Doz. 1 —

that it is considered dangerous to attempt to ship such
large belts as 8" to 12" while machinery is in motion, a
6" belt being generally considered the largest size safe
for shipping under such circumstances. A copy of a
letter from Messrs. Seligsonen & Co. on the subject,
dated 30th July 1891, is forwarded for information,
with a sketch of their safety belt shippers No. 3,
which are intended for belts from 4" to 8". The
supply of the shippers will be suspended pending
information from you as to what should be
supplied.

As

The Secretary to the Government of Madras,
Public Works Department.

2523/5

As regards the item -

Lever belt stretchers, for belts up to 14" Doz. 1-
it is thought that 1 dozen is a clerical error for one,
and only the latter number has therefore been
ordered. The cost of 12 such articles would be
£37.4.0, but the indent estimate is £4.16.0 only.

I have the honour to be,

Sir,

Yours obedient servant,

L. R. R. R.

Asst. Director General of Stores.
