PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the officiating Registrar of the ^{High} Court
appellate side, Madras dated 5th December 1890
N^o 2803.

I am forwarding the enclosed estimate, amounting to Rupees 3140 for repairs and improvements to the building now occupied by the Court of the District Munsif of Pandyal. I am directed to submit for the consideration of the Government the following remarks on the subject.

As it at present stands the building is very ill adapted for use as a Court-house, and it is absolutely necessary that better accommodation should be provided. But the Superintending Engineer, while forwarding the estimate under reference, emphatically states his opinion that instead of incurring such a large expenditure on repairs and additions it would be a far preferable course to construct an entirely new Court house of the typical design. The remarks "although I forward the estimate I am altogether opposed to spending money

money on the present building. It is a very old building in the town surrounded by private houses and it is not worth the outlay proposed. A new Court house near the Cating cutcherry is not only desirable, but really required and it is better to say so plainly than to stick to such a miserable building as this."

3. In this view of the matter the High Court fully concurs. The execution of the alterations and additions proposed would do no more than postpone for a while the abandonment of the building now occupied and a saving of the whole amount that the repairs are estimated to cost would practically result from undertaking at once the construction of a new Court.

4. I am to request therefore that His Excellency the Governor in Council may be pleased to sanction the provision of a Court house on the standard plan for Pandyal and to issue the necessary orders for preparation of plans and estimates.

5. In case there is likely to be any delay in carrying out the suggestion it will be necessary to incur some outlay on the present building, and I am to request therefore that early orders may be issued in the matter.

I am to add that the Superintending Engineer roughly estimates the cost of a new Court house at Rs 12,000 and states

states that the present building could be sold for a fair sum.

2

Order: 19 January 1891 N. 108.

The Government approves of the proposal of the High Court to construct a new Court house for the District Munsif of Pandyal.

2. Orders will issue in the Public Works Department for the preparation of the necessary plans and estimates.
