To

The Superintending Engineer

4<sup>th</sup> Circle

Beniguala of 10<sup>th</sup> Sept 1891

No 292 S. L. Encls. 1.

Sir,

I have the honor to return  
your endorsement No 110 of 7<sup>th</sup>  
instant & with reference to Collection  
of North Creek No <sup>78</sup> ~~78~~ <sup>17-7-91</sup> ~~78~~ forwarded  
-ed therewith to inform you that  
Mr. La Hume is in error in quoting  
me as the authority for his state-  
ment that the road in question  
would cost Rs 10,000 a mile. As the  
line of Road did not appear even  
to have been decided on North of  
the ~~line~~ <sup>line</sup> ~~road~~ <sup>road</sup> and I could get  
no plan I declined to have any-  
thing to do with it, unless some one

would

would come and point out the line to which the Estimate referred. South of Mitta Kandigai the Local Fund Overseer pointed out the line and that for some 4 miles outside the valley was inspected by me on 3 July.

On 24<sup>th</sup> June Mr Le Ham in a semi-official note to me "This valley is quite unsuited to road making unless we were prepared to spend Rs 10000 a mile for which a very decent Road could be made", and that is the only "communication" I know of.

I have no irrigation works in the valley, and as mentioned above I was waiting for some one from Local Fund Department to point out the line before I went to see the Road; so that on 19<sup>th</sup> July 1891 the date of Mr Le Ham's letter I had never even been in the valley.

I have you.  
S. C. J. K. Watson <sup>S/C</sup>  
Executive Engineer  
R. L. I. Works.
