 The pet^r states that, on the
 22nd June last, he applied
 to the Collector of Tanjore
 for copies of the petitions
 addressed by the mirasi-
 dars of his village of
 Pillur to the Executive
 Engineer of Tanjore &
 the Sub-Division Officer
 between the years 1884 & 1887.
 Mayavaram regarding
 the construction of certain
 masonry works
 in the irrigation channel
 of the said village &
 of the orders passed
 thereon together with
 the plans and other
 records connected therewith,
 and that the Collector
 directed the petitioner
 to apply to the Executive
 Engineer. The pet^r
 accordingly presented
 an application on
 the 13th July last to the
 Executive Engineer
 Tanjore, but that
 Officer returned the
 application stating

Sir,

In returning the petition bearing
your office Endorsement No 314 N. G. dated
20th August 1891, I have the honor to report
that Subramania Iyer, Divasidar of Pillur
did not present any petition to this office
on the 13th July last. The petition he refers to
is the one forwarded with your endorse-
ment No 474 T. J. of 17th ultimo. On receipt
of this, I informed him that Copies of the
documents referred to cannot be given
He applied for Copies of petitions pre-
sented by the Divasidars of Pillur in 1884,
1885, 1886 and 1887 to the Executive Engineer
and the Sub. Division officer, Mayasaram
and of orders passed thereon together
with the plans kept in the Sub. Division
office.

office may exercise under para 862 A
of the Code, I am given discretion to
determine in the case of every ap-
plication whether the Copy asked for
should be granted or not. My
reasons for refusing to give Copies
were that the giving of Copies of
petitions, endorsements &c adds
considerably to the work of the Division
office Establishment which is already
overworked. The petitions refer to a series
of years and old records must be
searched to find them. If every petitioner
is to get Copies of petitions and counter-
petitions from this office, the work will
be unmanageably heavy. I did not
inform the petitioner that the Copies
Applied for cannot be given with-
out the sanction of Government.
The petitioner probably wants to bring
a suit against Government and
I think we should do nothing to
help him.

I have &c

2. I agree with the Executive
Engineer that Copies of the documents
asked for by the Petitioner should
not be given. But if you think
proper the Petitioner can be directed
to send some one to the Executive
Engineer's office to take Copies of
the documents.
