Sir,

I have the honor to request
that you will be pleased to
address Government about build-
ing a house at Sanjore for
the Executive Engineer. Since I
arrived in Sanjore four months
ago, I have rented a house
belonging to Lt. Col. Drake Brockman
R.E. but last month, I received
notice to quit as the house had
been sold to a native
who wished to live in it. There
has, I understand been
some difficulty about the land
which is not freehold and
the sale has not been con-
cluded - but it is
very

difficulty may be got over my
pay - and I shall be
turned out. There is no
other house available or
likely to be procurable and
if I am deprived of
this house I must live in
the Bazaar or in tents.

I think that a suitable
residence might be built
for about ten or twelve
thousand Rupees and if
the idea is approved by
Government, I will have
the necessary Plans and
Estimates prepared.

I have &c

SUPERINTENDING ENGINEER, V CIRCLE,

To

THE Chief Engineer
P.W. Department

SIR,

Enclosures.

In forwarding herewith letter
No 3350 dated 22 August 1891
from the Executive Engineer
Bangalore, I have the honor
to observe that from the
circumstances mentioned
in that letter, it seems abso-
lutely necessary that a house
should be built by Govern-
ment for the Executive
Engineer Bangalore.

A suitable house could
be built for about Rs 12,000,
and if to this, Rupees 1,000 be
added for cost of site,

Yours
The

the Rent would be Rs 80
per month or 10 per cent of
the pay of a 2^d Grade Exec.
& custodian Engineer.

There is no house in Tanjore
available as a residence
for the Executive Engineer
and there are no private
persons willing to rent a house.

I have the honor to be
Sir

I do not think a house should
be built for the Supy Engineer
Ch. Henderson has not been turned
out. If he were there and then
houses in the place, plenty of
people disposed to build.

FOR ORDERS. whether the
proposal to construct
a residence for the
Executive Engineer
Tanjore may be approved
and a plan & estimate
called for.

under para 935.
P.W. Code (as amended
by S.O. No 611) when a house
was to be built for the
occupation of a Govt
official its cost must
be so regulated that
the rental calculated
under the rules, will
not exceed 8 per cent
of the salary of the

official who will usually occupy it. S.O. No 1045 further modifying the same para, rules that when the occupant may be in any one of several classes or grades, the rent for the purpose of regulating the capital outlay, should be based on the mean of the salaries of the highest & lowest of such grades. The mean of the salaries of an Executive Engineer 1st grade and 4th grade is Rs 775 and 8 per cent of this is Rs 62. The cost of the building exclusive of the site should therefore not exceed about Rs 9000.
