30TH SEPTEMBER 1891, No. 2624 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following papers:—

From the Executive Engineer, Tinnevely Division, to the Superintending Engineer, VI Circle, dated 21st May 1891, No. 611.

I have the honour to inform you that in G.O., No. 1703 W., dated 18th June 1883, permission was given to the Palamcottah Municipality to hold its office in the Government building No. 49 on the list, and called barracks at Palamcottah, on condition the municipality would vacate it, if required by Government, and that the municipality should keep it in repair.

2. It having come to my notice that the municipality had vacated the building and were occupying the lower storey of the building No. 10, the Sub Magistrate's cutcherry and the out-houses attached, I asked the Chairman of the Municipality if they no longer required the building No. 49 (barracks at Palamcottah), to which I received a reply that it was no longer required. I was also informed that the lower storey of building No. 10 had been placed at the disposal of the municipality by the Collector. On referring to the Collector on this subject I have received his letter No. 802 (sent herewith), dated the 9th instant, informing me of the circumstances under which the municipality were allowed to occupy the building. From this letter it appears that the portion of the building No. 10 is still required for the Bench Magistrate twice a week, but under the arrangement made by the Collector and referred to in his letter, the building is now considered to be essentially the Municipal office and the Sub-Magistrate allowed by the municipality to hold office in it twice a week.

3. Under para. 980 of the Public Works Code the building cannot be placed at the disposal of the municipality without the sanction of Government. I request therefore that Government may be addressed to give permission to the municipality to occupy the building free of rent on condition that (1) they will keep it in proper repair as required by this department, (2) that they will allow the Sub-Magistrate to hold office in the building when required and to use their furniture, and (3) that they will vacate the building when required for the use of Government at a month's notice.

4. If this arrangement is sanctioned the duty of seeing that the building is kept in proper repair at the expense of the municipality will devolve on the Public Works Department.

5. With reference to the building No. 49 (barracks at Palamcottah) now vacant, I have proposed that this should be used as the Police office, the District Police Superintendent having informed me that with slight alterations it can be made suitable and, as at present, Government have to rent a building for the Police office at Rs. 55 per mensem.
