From J. W. MARTIN, Esq., Superintending Engineer, VI Circle, to the Chief Engineer for Irrigation (through the Examiner, Public Works Accounts), dated Tuticorin, 27th August 1891, No. 820 T.C.

In G.O., No. 75 I., dated 7th February 1890 (G.O., Revenue Department, No. 45, of the 18th January 1890), the proposal of the Collector of Trichinopoly for extending the voluntary irrigation cess system to Tottiyam Chinnavoikal and some other channels having been sanctioned, I have, on the application of the Head Assistant Collector, ordered the transfer of the conservancy establishment * employed on the

water regulation of the above channel (Tottiyam Chinnavoikal), but the Examiner, Public Works Accounts, states that

"sanction of Government to the transfer of the establishment to the Revenue Department is necessary and should be obtained."

2. From the Government order quoted above, it will be seen that the water regulation of the channel and the maintenance of the korumboos have been undertaken by the Revenue Department; I do not therefore see any objection to the transfer of the establishment which was employed for the purpose. I have, however, now the honour to request that the sanction required by the Examiner may be obtained.

No. 5214.

Forwarded for disposal. Formal sanction of Government of the transfer of the establishment to the Revenue Department appears necessary.

2nd September 1891.
