Sir
With reference to
your No 116/K, and No 119/K
26-8-91 8-9-91

No 505
W Enclos.

Forwarded to the Chief
Engineer P.W.D. for sanction
for this time extra clerks
asked for by Mr Watson. It
is absolutely necessary that
at this juncture no collapse
be allowed to take place, or
everything will fall into
immediate confusion.

Respectfully,
S. S. S. S. S.

23. Sep/91

I have the honor to request
very earnestly your re-
consideration of the
Clerical Establishment
of this Sub Division, on
the following grounds:-

1. I would suggest
that the fact of Sub Division
offices in regular Division
with drawing accounts
being allowed only one

clock does not affect the question as there is a vast difference between the amount of clerical work entailed by work on contract and by work on daily labours especially where the work of every gang of coolies has to be dealt with and analysed with reference to tasks. While a Sub Divisional Officer's clerk is stationary, and the men for are incessantly on the move.

2. The Famine Code para 143 says "Every disburser must have two clerks."

3. Clerks are most difficult to get here, and keep on breaking down. Only the other day I saw overseer Krishnasami Iyer looking as ragged and ill as he could look. The explanation was that his clerk was ill and he had to sit up all night to work out his muster Rolls, office work &c. Fortunately the clerk got well quickly or there would have been a collapse. The Assistant Clerk in my office was at the time with Overseer Ramanarraina Pondiya who was clerkless, so I could not help him while my clerk

was ill. My clerk was and still is ill. As Krishnasami Iyer has 1500 coolies in his section a break down of his clerk leave alone himself from the extra work would have been nothing less than a disaster.

If you will get sanction for the 2 extra clerks now asked for I shall post one to Krishnasami Iyer and one to Ramanarraina Pondiya. The main point is that they will be available for transfer whenever ill health or resignation may leave an overseer clerkless. There ought to be one more clerk in my office as well as the present office hours are from about 10-30 to 7 or 8 (Sunday and all) which also means an extension of tension that would involve collapse in case of sickness.

5. The extra cost of Establishment is not a plea to be considered as an assurance against collapse.

I have the honor to be
Sir

Yours most obedient servant
