STANDING ORDER TO REVISED DIGEST OF ORDERS
IN THE PUBLIC WORKS DEPARTMENT, NORTH-
WESTERN PROVINCES AND OUDH (BUILDINGS
AND ROADS BRANCH).

No. 54.

Chapter III, Section vi.

Substitute the following for para. 162;

Special departmental rules regarding the appointment of Lower Subordinates will be found in paras. 164 to 170. The rules laid down in para. 195 of this chapter do not therefore apply to this class of appointments.

Substitute the following for para. 164 (c) :—

When reporting a probationary appointment the Superintending Engineer should submit to the Chief Engineer the formal certificate required by para. 169A. A copy of this certificate, as well as copies of all orders by the Chief Engineer, sanctioning appointments in the higher grades or confirming probationers in their appointments, will be furnished to the Examiner of Public Works Accounts.

Add as para. 169A:—

Before admitting any person to a probationary appointment as a Lower Subordinate, the Superintending Engineer should sign a certificate to the effect that he has satisfied himself as to the candidate's general ability and fitness, and that he possesses the qualifications prescribed for the post in paras. 167 and 168, stating the grounds for his conclusions. The possession of a certificate of competence from the Thomason College, Roorkee, should, as a rule, be considered to be a sufficient proof that the candidate possesses the necessary professional qualifications; but in all other cases the Superintending Engineer's certificate must be based, so far as regards professional qualifications, on the result of an examination of the candidate conducted by him (or by an officer specially deputed by him for the purpose) in the subjects

(2)

enumerated in para. 168. In the certificate should also be recorded the claims, if any, which the candidate has for employment under para. 169. If he has no such claims the Superintending Engineer should record on the certificate that he has been unable to obtain a suitable man with a Thomason College certificate, and that he has no one already in employ with the needful qualifications who is deserving of promotion.

BRANCH.

No. 56.

*Add as para. 277A., Chapter III of the Revised Digest of Orders
in the Public Works Department.*

WITH reference to Public Works Code, Chapter XI, para. 3, it is
the duty of the Public Works Department to see that all reason-
able precautions are taken to prevent the occurrence of injury
through fire to the buildings and Government property under their
charge. The chaukidar or other person in immediate charge should
be made clearly to understand that the kindling of fires for cooking
or other purposes within dangerous proximity to such buildings or
property (except in properly arranged and authorized fireplaces) is
prohibited; and that even in authorized fireplaces fires must not be
left to burn or smoulder without some responsible person to attend
to and watch them.
