GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

No. 226.

Read—the following letter from R. G. MACDONALD, Esq., Acting Examiner, Public Works Accounts, to the Secretary to Government, Public Works Department, dated Madras, 22nd January 1883, No. 163 W. :—

With reference to G.O., No. 551 W., dated 21st February 1879, I have the honor to forward, herewith, a statement showing the detail of establishment of Public Works Department of this Presidency as it stood on 31st December 1882 for transmission to the Secretary of State for India.

2. Attention is specially drawn to the note at foot of the statement in respect of certain changes made in the present list in the classification of Upper Subordinates as "*European*" or "*Native*" as compared with the previous lists submitted.

3. There is room for doubt as to the correctness of the classification of the members of the department between Europeans and Natives in this return. If, as I understand the case, every person born in India of parents domiciled in the country, and not merely residing there for a temporary purpose, has the standing before the law of a native of India, and this is the distinction to be drawn in this return, probably a large number of the names now shown under the designation "European" should have been included under "Native." If, on the other hand, the term "Native" is to be used in the restricted sense of "pure Asiatic descent," several names now classed under it should be transferred to the European column. The basis adopted in the present return is neither the one meaning nor the other. All persons of pure Asiatic descent are classed as Natives, and persons with European names are classed as Natives or Europeans according to their own choice.

No. 227.

Order—dated 24th January 1883, No. 268 W., Public Works.

Ordered to be forwarded to the Secretary of State for India, whose orders will be requested on the points raised in paragraphs 2 and 3 of the foregoing letter.

The Right Honorable the SECRETARY of STATE for INDIA.

My Lord,

We have the honor to forward, herewith, the returns, made up to 31st December 1883, of the establishments of the Public Works Department of this Presidency, as prescribed in Lord Cranbrook's despatch, of the 30th January 1879, No. 3, Public Works. We would again invite your Lordship's special attention to the questions raised by the Examiner of Public Works Accounts on the subject of classification, the same difficulty having been experienced in the preparation of the present returns as was felt in making up those of the previous year—*vide* our despatch, No. $\frac{6}{268\text{ W.}}$, dated 24th January 1883.

2. In the absence of precise instructions as to the method of classification to be adopted, the returns, based in many cases on the uncertainty of individual choice, cannot be regarded as correctly representing the numbers which should be placed under each nationality.

3. The return of State Railway establishments is being forwarded separately.

We have the honor to be,

READ—the following despatch from the Most Honorable the Secretary of State for India, to His Excellency the Right Honorable, the Governor in Council, Fort St. George, dated India Office, London, 27th March 1884, No. 7, Public Works :—

In reply to the question as to the classification of Europeans and natives in the upper subordinate establishment of your Public Works Department, which has been raised by your Excellency in your Public Works letters, Nos. $\frac{6}{268}$ and $\frac{2}{198}$ W., dated respectively the 24th January 1883 and 22nd January 1884, I have to inform you that it appears to me it would be advisable to class with Europeans all persons of mixed blood adopting the customs of Europe, leaving the native class to be represented by those who are of pure Asiatic descent or who adopt the customs of the natives of India.

2. By this mode of classification the degree of employment of such natives of India, a point to which I, in common with my predecessors, attach considerable importance, will be more easily perceived.

3. I request, therefore, that this mode of classification may be adopted in future, taking care, however, that the recognition of the distinctions above indicated should not be made the cause of any invidious inquiries.

ORDER—dated 24th April 1884, No. 1046 W., Public Works.
