Order—dated 29th January 1891, No. 286 W., Public Works.

In its Resolution No. 6 A—C.W., dated 9th January 1891, the Government of India assigned a provisional grant of Rs. 46,200 for expenditure on Imperial Civil Works in this Presidency during 1891-92, and distributed the amount under departmental heads as shown below :—

	RS.
New Major Works ...	21,100
Repairs ...	16,000
Establishment ...	8,500
Tools and plant ...	600
Total ...	46,200

2. The budget estimate for 1891-92 has been prepared for the provisional grant sanctioned by the Government of India.

3. Funds have been provided in the budget for the following major works proposed by the Director-General of Telegraphs for execution during 1891-92. The Superintending Engineer, III Circle, and the Consulting Architect to Government will lose no time in submitting the necessary plans and estimates for the sanction of Government in view to the works being commenced early in April next :—

(1) Telegraph office at Guntakal.
(2) Covering the roof of the Telegraph office at Madras with sheet lead.

4. The following major works, which have been brought forward by Superintending Engineers concerned for inclusion in the budget for 1891-92, have not been provided with funds, as the Directors-General of Post Offices and Telegraphs have not proposed the works for execution during the ensuing official year :—

	RS.
(1) Constructing a Post office at Calicut ...	8,900
(2) Constructing a combined Post and Telegraph office at Periyakulam, Madura district ...	3,640

5. The Superintending Engineer, VI Circle, has applied for a grant of Rs. 5,000 for the construction of a dam across the Valavanar in the Negapatam division; but as the Board of Revenue (Separate Revenue) has not proposed the work for entry in the ensuing year's budget, no provision of funds has been made for the same.

6. The grants for minor works under Postal and Telegraph having been placed at the disposal of the Directors-General of Post Offices and Telegraphs, respectively, Superintending Engineers and the Consulting Architect to Government will apply direct to those officers for funds required for incomplete and new works under those heads.

7. The grants for repairs under Postal and Telegraph have been distributed among the several divisions in part II of the budget.

8. The difference between the budget and the revised estimate for 1890-91 is due to the following causes :—

(1) Allotments for minor works sanctioned by the Directors-General during the course of the year.

(2) Additional grants under repairs sanctioned by the Government of India in its Nos. 283 A—C.W., dated 10th November 1890, and 309 A—C.W., dated 12th December 1890 (G.Os., Nos. 3128 W., dated 24th November 1890, and 27 W., dated 5th January 1891).

(3) Surrender of the grant of Rs. 6,225 for the Telegraph office at Guntakal (G.O., No. 3054 W., dated 17th November 1890).

(4) Transfer of Rs. 796 to the Military Works Department (G.O., No. 211 W., dated 23rd January 1891).

9. With these remarks the preliminary issue of the Imperial Civil Works budget for 1891-92 will be printed and circulated to the officers concerned, and four copies will be forwarded to the Government of India.
