To,

The Chief Secretary to Government,
Local and Municipal Department,
Madras.

Sir,

Tools of the nature and number noted in the margin were supplied from the Frame Stock for use on the relief works started in this year in this district under the supervision of the Local Fund Engineer, and the Superintending Engineer IV circle informs me that they cannot be treated as lent but may be transferred on payment of their value as they were originally charged to Provincial fund under G.O.

Description	No.	Value
Pick-axes	1450	R 120
Hammered	950	1767-3-4
Crow bars	3600	1253-14-6
	260	900
		600
		Total 4221-1-6

In general order dated 22-10-83, No 2987 W.

In the circumstances of the case it seems to me hardly necessary to insist on treating the matter as if the tools had been obtained

for ordinary local fund purposes. If the season improves a larger number of the tools must be at once returned to stock as many of them would be absolutely of no use to the District Board in a normal season. Moreover, as the Government is aware if they have to be paid for, it can only be done by obtaining from Government a provincial grant for the purpose - local funds having already been practically exhausted.

3. I have therefore the honor to request that orders may be issued to treat the tools as lent to the District Board for relief purposes

I have the honor to be
Sir,

Your Most Obedient Servant

E. Smith
