NOTES.

ANCE TO MADRAS P.W.D. CODE OF 1886.
RAS. 1138 *et seq.*, AND APPENDIX C.

It will be the duty of the officers of the department, requisition of the local authorities, to provide and all other necessary buildings, to the extent by the regulations, for troops and public establishments entitled to, and requiring station, and for the families of soldiers on service. The executive engineer will arrange by allotting public buildings which may be or which can be vacated, or where no suitable public buildings already exist by hiring or engaging suitable quarters or buildings as requisite, to which course the previous sanction of Government will be obtained when the rent exceeds the authorised scale.

Applications for the sanction of the Government for the hiring of quarters for military subordinates as proposed rent exceeds the authorised scale submitted in this form. The sanction, when granted, will hold good in Nilgiri division for a period not exceeding twelve months, and in all other divisions for a period not exceeding six months. Executive engineers should endeavour within the period of sanction to find other quarters at a rent not in excess of the authorised scale; but when this is not practicable, a sanction for a further period not exceeding six months, as the case may be, should be obtained for beforehand. Executive engineers should be careful to ascertain the probable length of time such quarters are likely to be required before entering into any agreement with a landlord.

The hiring of houses for military purposes is to be strictly limited to meet the essential requirements, according to the regulations for the accommodation of troops and for the families of soldiers and for medical and other subordinates authorised to be provided with quarters and is not to be extended to the provision of offices and such like miscellaneous purposes, unless the orders of the Government.

Should buildings be hired by the military authorities without the intervention of the department without the sanction of the Government, the executive engineer will not be at liberty to defray the charge from the funds at his disposal until sanction is obtained.
