The Superintending Engineer

Sir

I have the honor to request, that you will be good enough to sanction a temporary Draftsman to be attached to the Rajahmundry Sub-Division office in order to complete the Torrigedda Minor Basin.

2. There are a number of tanks for which investigation is completed, but for which estimates and plans have still to be prepared.

3. There is only one overseer in the Sub-D^o and the Sub-D^o officer will not be able to get out all the plans and the estimates without the assistance of a draftsman.

4. My own draftsmen have more work than they can get through and their work is, I regret to say, much in arrears.
