OFFICE OF THE SUPERINTENDING ENGINEER,

6TH CIRCLE.

Trichinopoly, 24th October 1884

From

J. D. Martin Esquire

The Superintending Engineer,

6TH CIRCLE.

To

The Chief Engineer,

PUBLIC WORKS DEPARTMENT.

SIR,

ENCLOSURES. 3

3. Land Registers.

I have the honor to forward for order of Government under paragraph 652 B of the P. W. code, the accompanying three Registers of Land held by certain members of the Circle office.

2. Cunniss Pillai clerk Circle office, is said to have inherited $\frac{1}{4}$ of 1.32 acres of wet land last year in Trichinopoly on the death of his Grand mother, and that he was not aware of the existence of the ancestral property which is common to three other persons. The land is said to be let on lease and $\frac{1}{4}$ of the produce is enjoyed by the clerk. His holding this small piece of land (in the cultivation or management of which he does not appear to have any direct concern) is not in any way prejudicial to the performance of his duty in the

2. He is in fact, very punctual
in his attendance, and, when required,
works on hours and even in holidays,
very willingly. I therefore recommend
his exemption from the rule above
quoted.

3. Nalarajier, 3rd Draftsman in the
Circle office. The land held by this
individual is partly ancestral and
partly acquired by his brothers. The
ancestral property being in
the Tanjore Division and having been
already shown in the returns submitted
to the Chief Engineer, there is no objection
to his holding it. The latter which
appears for the first time in the present
register, is in the Trichinopoly Taluk.
The Draftsman does not appear to have
any direct concern in the land, but
hopes that eventually his brother will
give him a portion. In these circum-
stances I recommend his exemption
from the rule.

4. As regards Mr. Lazarus clerk,
Sub-Proctor, Circle office, the land
which appears for the first time in
the present register, is said to have
been acquired in 1888 and registered
in the name of his wife and mother;
but he says that he has no interest
whatsoever

whatsoever in it, and that consequently
he did not furnish any return before.
He however says that his wife desires
to give up her share of the land
at the next settlement. I re-
commend therefore the exemption
of Mr. Lazarus also from the rule,
on condition that his wife gives up
her share.

I have the honor to
Sir
Your most obed^t Servant.

L. W. Martin
Superintending Engineer
VI Circle
