10TH NOVEMBER 1891, No. 2987 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From Major D. McNEIL CAMPBELL, R.E., Superintending Engineer,
V Circle, to the Inspector-General of Registration, dated Chepák, 9th Sep-
tember 1891, No. 217 M.

With reference to G.O., No. 3164 W., dated 26th November 1890, I have the
honour to forward for your disposal, under G.O., No. 483 W., dated 21st February
1894, a plan and estimate of Rs. 4,030, for constructing a Sub-Registrar's office at
Tirukkattupalli in Tanjore district.

2. The design of the building is according to the standard type plan circulated
with G.O., No. 1320 W., dated 13th May 1891, but the slope of the roof is altered
to suit Mangalore tiles. As the budget for 1891-92 provides an allotment of
Rs. 2,700 for the work, I request that sanction to the estimate may be obtained at an
early date.

No. 4744 G.

Submitted for the early sanction of Government.

2. The necessity for the construction of a building for the office was brought to
the notice of Government in my endorsement, dated 19th October 1890, No. 4841 T.,
recorded in Proceedings, Judicial, dated 22nd November 1890, No. 1854.

3. Since the submission of my endorsement quoted above, the number of regis-
trations has increased from 2,420 in 1889-90 to 2,960 in 1890-91, and the office
which has two permanent, and one temporary, clerks now, will require four clerks ere
long. Hence the plan and estimate have been prepared for a building on the revised
design sanctioned in G.O., No. 1320 W., dated 13th May 1891.

MADRAS, (Signed) S. SRINIVASA RAGHAVAIYANGAR,
9th October 1891. Inspector-General of Registration.

Approved and transferred to the Public Works Department.

(By Order.)

(Signed) A. BUTTERWORTH,
Acting Under-Secretary.

23rd October 1891.

ORDER—dated 10th November 1891, No. 2987 W., Public Works.

The estimate, amounting to Rs. 4,030, for constructing a Sub-Registrar's office at
Tirukkattupalli in the Tanjore district, is sanctioned.

2. Of the sum of Rs. 2,700 provided for the work in the current year's Provincial Civil Works budget, Rs. 1,700 were resumed in G.O., No. 2700 W., dated 13th October 1891, leaving a balance of Rs. 1,000 for expenditure. The Superintending Engineer will report whether any additional grant can be spent on the work before the close of the official year.

3. This sanction has been registered as Provincial No. 83 W. of 1891-92, and classified as Civil Buildings, Original Works.

CURRENT No. 459/
Chennai, 9th September 1891.

From

Major D. M. G. Neil Campbell, R.E.,
Superintending Engineer, V Circle,

To

The Inspector-General of
Registration, Madras.

Sir,

With reference to G.O. No 3164 W, dated
26th November 1890, I have the honor to forward
for your disposal, under G.O. No 483 W, dated
21st February 1884, a plan and estimate of
Rs 6030, for constructing a subregistrar's office
at Thirukkattupally in Tanjore District.

The design of the building is according
to the standard type plan circulated with
G.O. No 1320 W dated 13th May 1891, but the
slope of the roof is altered to suit Mangalore
Tiles. As the Budget for 1891-92 provides an
allotment of Rs 2700 for the work, I request
that sanction to the estimate may be obtained
at an early date.

TECHNICAL NOTE.

Constructing a Sub-Registry
Office at Tirukhattupalli in
Tanjore District.

Main building Rs 3490

Compound wall .. 540

Total Estimate .. 4030

This estimate was prepared
with reference to G.O. No. 3164
W. dated 26th November 1890 and
it provides for constructing
a Sub-Registry Office, as per
type design, circulated with
G.O. No. 1320 W. dated 15th May
1891, for tiled roofs; the above
design is adopted as the ac-
commodation is required
for 4 clerks. The estimate
also provides for a compound
wall which is considered ab-
solutely necessary by the
Dist. Registrar.

The area of land required is
noted on the site plan to be
(150 x 100) 15,000 Sq ft for which
a compensation of Rs 165 is
provided in the estimate but
the compound wall only en-
closer an area of (70 x 92.5)
6,492 Sq ft leaving the balance
8,508 Sq ft out of the proposed
enclosure.

A depth of 4 1/2 feet is provided
for the foundation of the main
building as the soil is stated
to be loam. The lower 1'6" will
be built of concrete. The founda-
tions and basement will be
built of brick in chunam
and the superstructure walls
of table moulded brick in
chunam, plastered with one
coat of mortar and white-
washed. The exterior faces of
the walls will be pointed with
lime and asphalt. The floor
of the verandah, registration &
stables rooms will be of 8"
square paving tiles set in 3"
of concrete and that of the
record room with 3/4" of asphalt
laid on 4" of concrete. The roof
is proposed to be tiled with
Mangalore tiles & with teak

With Mangalore
tiling the pitch
of the roof may
be reduced to
1/4 without
danger of leakage.

The estimate
should however
show the
consequent
reduction in
quantity -

The roof timbers have already
been advised to be of span
the width of reduced to this slope
will give a very small gain
never not allow.

Teak ceiling & thick ceiled
flush with the bottom of rafters.
In the report attached to the
estimate and the forwarding
letter of the Super Engineer, it
is stated, that the slope is
altered to suit the use of
Mangalore tiles. But in the
estimate under working no
alteration is made as the
quantity estimated is the
same as the printed estimate
of the Consulting Architect but
under woodwork, the lengths
of rafters are curtailed, so as
to reduce the slope; there
seems to be no reason why
the slope should be altered
as the Architect has designed
the roof for the use of pan &
flat tiles or Mangalore tiles.
Doors and windows, and
roof timbers are to be of teak.
The scantlings of the roof
timbers are correct.

The rates provided are fair
with the exception of the rate
for flooring with 8" square tiles
over 3" of concrete. This depth
of 3" should be 4" as given in
the schedule of rates.

Contingencies & petty super:
: rise in charge at 5 and 2½
per cent. respectively.

The area of the building is
1262 sq ft and the superficial
cost per sq ft will be 2.64 Rs
or 2-10-3. exclusive of land
(compensation) & compound
wall.

The site plan and estimate
have been countersigned by the
Inspector General of Registration
and approved in the Judicial
Dept.
