OFFICE OF THE SUPERINTENDING ENGINEER,
6TH CIRCLE.

No. 1161-C

Trichinopoly, 6th Nov. 1891

From J. W. Martin Esqre
Superintending Engineer,
6TH CIRCLE.

To
The Chief Engineer,
PUBLIC WORKS DEPARTMENT.

SIR,

ENCLOSURES.

1697 W.

With reference to the Inspector General's letter printed in G.O No. 1697. W of the 22nd June 91, I have the honor to state that a reference to the returns of Military Buildings at Trichinopoly, and to some of the G.Os of former years ordering the transfer of certain buildings to the civil department and demolition of some buildings shews that those buildings, although transferred and demolished, are still contained in the Military Buildings return - I intend therefore to have this return revised, and a correct and complete one prepared and printed for the current year which is due in your office by the 15th

April 1891.

2. As regards the return or Register of Civil Buildings, the printing of the statement of changes in the returns for the year ended 31st March 1891, was as already stated in part [illegible] letter printed with [illegible] solid above, deferr[illegible] y receipt of the in[illegible] therein applied for - [illegible] that in this statement [illegible] ilitary buildings, ha[illegible] to the Civil departm[illegible] not hitherto brought on [illegible] former returns, shou[illegible] ended, and a compli[illegible] nt printed for the last offi[illegible]

3. Seven month[illegible] ment official year h[illegible] by ex- pired, and I [illegible] think that the pri[illegible] and printing of the [illegible] Stat- ment of Chan[illegible] returns for the last of[illegible] can be ready bef[illegible] y next. I propose thi[illegible] nting one complete [illegible] of

changes in April next for both the last and current official year - This course, I think, will save, to some extent, the printing charges, for which this proposal will meet with your approval.

I have the honor to be
Sir
Your most obed: Servt

J.W. Martin
Offg Inspector of Civil
