No. 15. Read the following letter from R. F. CHISHOLM, Esq., F.R.I.B.A., Consulting Architect to Government, to the Secretary to Government, Public Works Department, dated Madras, 26th July 1872, No. 123:—

I have the honour to supplement my letter to you dated the 30th June last and forwarded this day by a few explanatory remarks.

2. The Hon. Mr. Arbuthnot, when Governor of Madras, expressed a wish that I should consult with Prince Azeem Jah on the subject of the accommodation being provided in the Royapettah Police Court, which is to be the future Palace of His Highness. In consultation with the Hon. Mr. Ellis that gentleman directed me to make my report and to submit it first to His Highness Prince Azeem Jah for his opinion, and secondly to Colonel Wilson, the Government Agent, for his opinion. I regret to say that neither opinion appears to me to be exactly what is required. His Highness indeed objects to form an opinion in the absence of explanatory plans, and Colonel Wilson confines himself to that particular point which is to be decided by Government.

I may mention that the work is stopped pending the result of this reference, as the house (the only part of the scheme not likely to be affected by a decision either way) is at present occupied by Captain Weldon.

From R. F. CHISHOLM, Esq., F.R.I.B.A., Consulting Architect to Government, to the Secretary to Government, Public Works Department, dated Madras, 30th June 1872, No. 83.

With reference to the matter of converting the Police Court, Royapettah, into a residence for the Prince of Arcot, I have the honour to state that I met Omduth-ood-Dowlah Bahadoor agreeably to the wishes of His Excellency the Governor and explained the proposed alterations to him at length. He stated that the accommodation provided was too limited, and at my suggestion permitted me to measure the actual space at present used by His Highness' family in the Shadee Mahal.

2. The accommodation afforded by the latter building may be roughly stated as follows:—
Superficial area, male apartments 150 squares.
" " female " 200 "
Running feet of servants' godowns, about 400 "

In addition to this there are cook-rooms and bath-rooms, a Nobutkhana, Topekghana, Sepoys' barrack, &c., &c.

3. The accommodation provided in my plans now forwarded for inspection is as follows:—
Male apartments 70 squares.
Female " 54 "

4. Before drawing out these plans I was permitted to inspect the Mahal, and, guided by this and such information as I could glean from other sources, provided simply sufficient space for His Highness' family alone without attempting internal arrangements. I first submitted the plan of a zenana affording an area of 110 squares; this was rejected as too large, and a smaller plan (the one sanctioned) met with approval.

5. If the new residence is intended simply as a residence for His Highness, the accommodation I originally provided will be sufficient; but if the whole of the residents (all said to be members of His Highness' family) at present occupying the Shadee Mahal are to be accommodated at Royapettah, the original plan is much too small.

*Proceedings of the Madras Government, Political Department,
9th August 1872.*

6. I may mention that shortly after the plans were prepared a meeting was arranged with His Highness at Royapettah, the plans were examined and explained, but, so far as I am aware, His Highness expressed neither approval nor disapproval.

7. Now that I am more intimately acquainted with the Prince's requirements and the domestic arrangements of the interior of the existing Palace, I will state briefly what alterations and additions are, in my opinion, necessary to convert the Royapettah property into a suitable Palace, roughly estimating at the same time the cost of each item.

	RS.
(1.) The conversion of the existing building into private apartments, State room above and offices below, as already projected	9,215
(2.) The purchase of three houses and a strip of land on the north side of the property for a bazaar entrance and Nobutkhana	20,000
(3.) The construction of a zenana for His Highness	12,000
(4.) The construction of four suites of apartments, each containing the following rooms:—	
Principal apartment 30 × 20	
Gentlemen's private room 20 × 20	
Zenana, two rooms 20 × 20	
(5.) The construction of four suites of apartments, each containing—	
Principal apartment 20 × 15	
Private room 15 × 15	
Zenana, two rooms 15 × 15	
(6.) The construction of eight inferior suites of apartments containing—	
Principal apartment 15 × 15	
Zenana apartment 15 × 15	27,500
(7.) Additional servants' houses	3,000
(8.) Converting existing buildings to various uses, say	10,000
(9.) Small buildings	6,000
Total	87,715

From HYDUR JUNG, Chief Secretary to His Highness the Prince of Arcot, to the Consulting Architect to Government, dated Shadee Mahal, 17th July 1872, No. 78.

With reference to your letter addressed to the Secretary to the Government in the Public Works Department, dated the 30th June 1872, and forwarded with your memorandum, No. 96, dated the 5th instant, I have the honour to state that His Highness the Prince of Arcot has read your letter but cannot offer any opinion as to the sufficiency or otherwise of the extent of accommodation proposed to be provided in the absence of explanatory plans. He would wish, however, to make the following observations:—

First.—With reference to paragraph 5 His Highness never at any time approved of the sanctioned plans but always considered them too small. He merely allowed the work to progress without formally protesting in deference to the wishes of Government.

Secondly.—It appears to His Highness that the existing boundary wall must be heightened and improved, and this work does not appear to be provided for in the estimate submitted.

2. With reference to this correspondence His Highness wishes to place it on record that although he formally accepted the proposal to remove his family to Royapettah, he did so under the conviction that the Government wished him to give such approval, and he still thinks it worthy

*Proceedings of the Madras Government, Political Department,

of consideration whether it would not be much better to allow him to remain in the Shadee Mahal. He feels convinced that if the Government acceded to this wish a considerable saving in expenditure would be effected.

From Colonel R. S. WILSON, Government Agent, Chepauk, and Paymaster of Carnatic Stipends, to the Consulting Architect to Government, dated Chepauk, 25th July 1872, No. 154.

In reply to yours dated 18th instant, No. 107, I have the honour to inform you that, in my opinion, the plans originally prepared by you for the conversion of the Royapettah Police Office into a residence for His Highness the Prince of Arcot provide sufficient accommodation for His Highness and his immediate family. It is for His Highness and his immediate family that Government intend to provide accommodation.

2. It will be necessary to add to the buildings laid down in the above place a shed for the guns, and a guard-room for His Highness' guard; but these additions, I understand, can be made without difficulty.

Transferred to the Political Department with recommendation that the existing building may be ordered to be vacated so that the alterations and additions to it, estimated at Rupees 9,215, may be carried out.

The Zenana Plan might likewise be worked out if approved, and its precise position in the grounds defined.

The Superintending Engineer, 4th Division, has been called on to send up for information the plans sanctioned in G. O., No. 221, of 26th July 1870, with plan of the compound if available.

OOTACAMUND, (Signed) G. W. WALKER, Colonel, R. E.,
6th August 1872. Secretary to Govt., P.W.D.

No. 16. ORDER THEREON, 9th August 1872, No. 305.

His Excellency the Governor in Council approves of the recommendation that the alterations in the main building of the Royapettah Police Court be at once proceeded with, and with this object Captain Lys, at present officiating as Police Magistrate, will be requested to vacate the house recently occupied by Captain Weldon. It is not stated whether the building, formerly the property of Casavoo Moodelliar, and which has been undergoing alteration and additions to render it suitable for a Police Court, is ready for occupation.

2. As soon as a plan of the Royapettah Police compound is submitted the site of the zenana can be determined and the work proceeded with. Before arriving at a decision as to the amount of accommodation to be provided at Royapettah for the Prince of Arcot and his immediate family, the Government must have before them the original plans alluded to by Colonel Wilson in paragraph 1 of his letter dated 25th July last.

3. Paragraph 7 of the Government Architect's letter No. 83, dated 30th June last, requires explanation. It is not clear whether in this paragraph Mr. Chisholm proposes to provide at Royapettah the same amount of accommodation as is afforded by the Shadee Mahal, but this would appear to be the intention, as in addition to the main building and main zenana building Mr. Chisholm proposes to provide no less than eight suites of superior apartments, each suite with zenana, and eight inferior suites of apartments also with zenanas.

*Proceedings of the Madras Government, Political Department,
9th August 1872.*

4. The purchase of land, amounting to 20,000 Rupees, to provide a site for a Bazaar entrance and Nobutkhana seems an extravagant proposal. Some alternative and more economical arrangement will be suggested by the Public Works Department when the plans called for and the plan of the compound are received. In the meantime Mr. Chisholm will be required to explain with what intention the numerous additions to the original plan contained in paragraph 7 have been suggested. It was clearly explained to Mr. Chisholm that the object which the Government have in view is not to provide at Royapettah the same accommodation as is contained in the Shadee Mahal, but to provide a residence affording suitable accommodation for the representative of the Carnatic family, *i. e.*, State apartments and the apartments for the representative's own immediate family. As regards His Highness Prince Azeem Jah, it was never contemplated that the building in question should provide for the accommodation of His Highness' four sons and their families and dependents.

No. 16. From Lieutenant-Colonel F. H. TYRRELL, Government Agent, Chepauk, and Paymaster of Carnatic Stipends, to the Officiating Chief Secretary to Government, dated Chepauk, 22nd March 1877, No. 138.

I have the honor to forward, for submission to His Grace the Governor in Council a letter with Persian translation from His Highness the Prince of Arcot thanking His Grace for the gift of the new house in Royapettah called the Amir Mahal, and announcing that His Highness took up his residence in it on the 1st of the present month.

2. His Highness also trusts that all repairs necessary to the building may be executed at the cost of Government. As the building itself belongs to Government I presume that all necessary repairs will be executed by the Public Works Department as in the case of other buildings which are Government property.

HIS GRACE THE DUKE OF BUCKINGHAM AND CHANDOS, G.C.S.I.,
Governor of Madras.

I have much pleasure in informing your Grace that I removed from the 1st instant from the Shandee Mahal to the Amir Mahal Palace provided by Her Imperial Majesty the Empress of India as a residence for the Prince of Arcot and his successors in the title, and in doing so I have to express my entire satisfaction with all the arrangements in the new Palace, and to own my deep obligations to Government for their kindness in having consulted my comfort and convenience in every particular.

2. I would take this opportunity of soliciting your Grace's kind and favorable consideration of the following matter. As your Grace is fully aware of the very limited means at my disposal to maintain, in a suitable manner, my rank and dignity, your Grace can easily understand that it will be very difficult for me to meet the expenses of the repairs of the large building I now occupy out of my own pocket, so I have to request that your Grace, with the wonted indulgence shown towards me, will see fit to order that whenever any repairs are necessary to be made to the Amir Mahal the expenses of the same shall be met by the Government. I need hardly add that the grant of the favor I seek will be a great relief to me. What more?

Considering that the building in question was practically built for the Prince of Arcot, I do not think he can be deprived of the use of it on the same terms as those under which he has occupied it hitherto, viz free of rent. But the question appears to me one more for disposal by the Political Department by which free occupation of it by the Prince was originally sanctioned.

2. The question of free occupation of any building however comes under the operation of the rules in Code para 1041 rule I, clause 6, but as those rules were not in force when the concession was granted, I think that the concession may be continued under the sanction of Government in the P.W.D. I would however suggest that the sanction be reported to the Government of India inasmuch as it conflicts with the code rules just quoted.

 Endorsement in the P. W. Dept. H.E. No 4272c d/29th Sep 1891

 Endorsement in the P. W. Dept. H.E. No 4823c d/30th Oct. 1891.
 From the Political Dept: H.E. No 1285 d/11th Nov. 1891

The Examiner P. W. Accounts
 is informed that there is no
 doubt that the intention of
 the Govt. and of the Govt.
 of India was to present to
 the Princes of Arcot a semi-
 free residence as a part of
 the Emoluments attached to
 the title. This arrangement
 has hitherto remained un-
 questioned in audit, and
 the Govt. does not consider that
 there seems no reason for
 any reference to the Govt.
 of India should now be
 necessary.
