TECHNICAL NOTE.

Metalling the road from Kina:
thukadavu to Kothampattu in
the C. Coimbatore District.

Amount of Estimate Rs. 11,100

The Super Engineer IV Circle sub:
mits the above estimate at the
request of the President, Dist:
Board Coimbatore, for sanction
as a famine relief work.

The estimate is not accompanied
with the necessary survey of
the line of road, levels and
sections, report and specifica:
tion.

The length of the road is 10
miles $2\frac{1}{2}$ furlongs. The width
& side slopes of the road are
not stated, neither can they
be got from the detailed es:
timate.

The estimate provides for

4. 15 feet with 3" of metal and
lined with 1" of gravel well
watered and tamped, provision
is made for cutting side and
catch drains, removing prickly
pear and erecting mile and
furlong stones.

The rates, as far as can be
checked, are fair, except the
item of collecting metal at
2-4-00 per 100 cpr is charged
against Rs 2-0-00 provided in
the schedule. The S.E. considers
the rate of 3-8-00 per 1000 cpr, for
cutting side & catch drains
a high rate, as no land nor
lift is required. The cost is
added to the hard soil and the
schedule of rates provide Rs 3-8-00
for excavating & filling.

Compensation for land is charged
at Rs 100. and contingencies to
 petty supervision at 5-3-70
respectively.

The cost of the road per mile
will be Rs 1,277.

The estimate is countersigned
by the President, Dist. Board in
the wrapper sheet.
