Read the following paper :—

No. 145. *From Brigadier-General H. P. PEARSON, C.B., Adjutant-General, Madras Army, to Brigadier-General A. KENNEY-HERBERT, Secretary to Government, Military Department; dated Ootacamund, 9th October 1891, No. 2229-BA (Volunteers—Inspections).*

I have the honour, by desire of the Commander-in-Chief, to forward herewith

* Sent by Banghy Post.

the annual inspection reports * on the Volunteer Corps specified in the margin † and to state that His Excellency considers them to be generally satisfactory, with the exception of that on the Madras Volunteer Reserve which is unsatisfactory.

2. According to these reports the total strength of the corps inspected is 4,260, of whom 2,560 were present at the inspections held as noted above. The increase in strength is due to the transfer of the Southern Mahratta Railway Rifle Corps from the Bombay to the Madras Command.

3. With reference to the remarks by the Inspecting Officers under "General Observations" in the reports in the South Indian Railway Volunteer Rifle Corps and East Coast Rifle Volunteers, I am to call the attention of Government to the reported want of interest shown by the Directors of the South Indian Railway in the Volunteer movement and to the difficulty experienced by members of the East Coast Rifle Volunteers in getting leave to attend inspection parades.

4. The only corps remaining to be inspected is the Malabar Volunteer Rifles, the inspection report on which will be submitted to Government in due course.

ORDER THEREON, 16th November 1891, No. 6435.

No. 146.

The Right Honorable the Governor in Council concurs with His Excellency the Commander-in-Chief in considering the reports on the Volunteer Corps in the Madras Command, which were inspected during the official year 1890-91, to be on the whole satisfactory.

2. It is presumed that action has already been taken, under the orders of His Excellency the Commander-in-Chief, in regard to all important matters noticed by Inspecting Officers.

3. The remarks of the Inspecting Officer touching the want of interest in the South Indian Railway Volunteer Corps evinced by the Directors of the South Indian Railway Company will be communicated to the Public Works Department (Railways), in view to the Board of Directors being moved to encourage the Volunteer movement among their employes as much as possible.

4. Heads of departments will be addressed, with reference to the difficulty said to be experienced by certain volunteers who are Government servants, in regard to leave to enable them to attend inspection parades.
