GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From A. W. B. HIGGENS, Esq., President, District Board, Kistna, to the Superintending Engineer, II Circle, dated 13th September 1891, No. 1561.

In reference to your letter No. 983 K.S., dated 29th July 1891, I have the honour to forward, for the sanction of Government, a second revised estimate of Rs. 6,152 for constructing a Local Fund dispensary building and out-houses at Nandigáma.

2. A copy of the District Engineer's letter No. 1263, dated 14th August 1891, and of the District Board's resolution are enclosed.

3. The original estimate for Rs. 2,914 for the dispensary building only was approved by you—*vide* your letter No. 2626 K.S., dated 5th March 1890. The first revised estimate, amounting to Rs. 3,008, was sanctioned by the District Board in its resolution, dated 13th September 1890. This has not been sent to you, as the District Board is competent to sanction, under rule 36 of Local Fund rules, 5 per cent. over the estimate.

4. I request that you will be good enough to obtain orders of Government as to whether it is necessary to forward to Government estimates when the main building is within Rs. 5,000, excluding the estimated cost of out-houses.

No. 1863 K.S.

Submitted to the Chief Engineer, Public Works Department, for favour of sanction to the estimates herewith sent and orders on para. 4 of the President's letter.

(Signed) J. HANNAN,
Superintending Engineer, II Circle.

3rd November 1891.

ORDER—dated 26th November 1891, No. 3162 W., Public Works.

The revised estimate, amounting to Rs. 6,152, for constructing a Local Fund dispensary at Nandigáma in the Kistna district is sanctioned.

2. With reference to para. 4 of the letter of the President, District Board, recorded above, it is observed that the cost of out-houses must be included in the estimate of the main building in every case, and, if the total cost thus arrived at exceeds Rs. 5,000, the sanction of Government is necessary under the Local Fund rules.

3. This sanction has been registered as Local No. 22 W. of 1891–92.

TECHNICAL NOTE.

Revised estimate for constructing a Local Fund Dispensary with out-houses at Nandigama. Kistna District

Amount of Revised Estimate Rs 6152

In the President's letter No. 1561 dated 13th Sept 1891 to the address of the Supg Engineer, it is stated that an estimate amounting to Rs 2914 was originally sanctioned by the Supg Engr for the Construction of the Dispensary & sanctioned by the Dist. Board. This estimate was revised to Rs 3008, the excess being within 5% on the original sanction was sanctioned by the Dist. Board without submitting the papers to the S.E. The President now submits a 2nd revised estimate for the sanction of Govt.

The present revised estimate amounts to Rs 6152. It provides for constructing cut houses in addition to the main building, as per plan, hence the large excess of Rs 3238 over the original sanction of Rs 2914.

The excess on the main building when compared with the 1st revised estimate amounts to Rs 1062. This excess is chiefly due to building the walls with rough stone in Chunam instead of rough stone in clay as originally proposed, flooring with 8" square stone slabs on 4" of concrete instead of 6" of Concrete, wooden pillars instead of masonry pillars and to increased ratios now provided owing it is stated to the difficulty in procuring carts to convey materials to.

The amount of the revised estimate is made up as follows:-

	1st revised.	2nd revised
Main building —	3008 —	4090
2 bath rooms —	— —	1080
2 latrines —	— —	300
Cook house —	— —	560
Gate & fences —	— —	122
Total Rs	3008 —	6152

The native of soil is stated to be sound and the foundations are proposed to be carried 3 feet deep.

The foundations, basement and superstructure walls will be built of rough stone in Chunam, pointed outside & plastered inside with one coat of chunam. The floor will be of 8" square Kapa slabs laid on 4" of concrete and neatly pointed, roof will be of teak wood couples covered with teak reepers flat and pan tiles, the roof will have a rise of 1/3 the span. Doors and windows will be as described in the estimate of teakwood panelled frames, roof timbers will be wood oiled.

The scantlings of roof timbers are fair except the purlins which appear to be slightly weak, the distance between points of support in front verandah is 8½ ft the scantling provided is 4¾ x 6¾ against 5¼" x 7½" allowed in Table VI. Standard specification 18' is rather wide for a tarpaled roof.

The wood work throughout stated to be already treated.

Many of the ratios cannot be checked as the Divisional Schedule is incomplete many of the items not filled in, data is furnished for the ratios now furnished. Hence they may be accepted as fair.

The plinth area of the main building is 1903 Sqft and the cost will be Rs 2.0.8 per Sqft.

The Estimate was prepared on Hosburgh's plinth list in G.O. No. 2142 W of 14th July 88 these Estimates were condemned by Govt. (G.O. pink slip.)

The President in para 4 of his letter under reference requests the orders of Govt. as to whether it is necessary to forward for the sanction of Govt. estimates when the main building is estimated within 5000 Rs ~~or less~~ excluding of the cost of outhouses. It is thought that the sanction envisaged in para 36 page 8 of the Local Fund rules to the extent of Rs 5000 is here for new works means for the whole project i.e. main building with outhouses complete & not for portions of a ~~partial~~ project.

The estimates have been framed & signed by the President Dist. Board.

H.D. 17.N.91.

Sir Dr. H. might see them. They may be returned after filled now —
