will be good enough to obtain the sanction of the Government for the retention of the above instruments till next year as the sum of Rs. 560 will have to be provided for in the next year's budget as suggested by the Sanitary Engineer.

Endorsement of the Sanitary Engineer to Government dated 5th November 1891 No. 1613.

It is not thought that there will be any necessity for the Council of Chicacole to retain the level lent by the Superintending Engineer as this department will, it is hoped, be in a position to supply all surveyors employed in it with levels. It is thought advisable to point out ^{that} the necessity or otherwise for the entry in the Budget of Rs. 560 will be dependent on the orders passed in reply to my No. 1212 of 16th September 1891.

Order dated 21st November 1891 No. 2059 M. M. S.

The Sanitary Engineer's Endorsement read above will be communicated to the Municipal Council, Chicacole for information and guidance.

The letter referred to by Mr. Jones was disposed of
