1st Circle -

Ref: Your No. 1369 G. D. of 31st October 1891.

Sir,

Enclosures.

I desire first of all to draw attention to the words in the para 1813 of the P.W.D. Code "as a rule". I imagine by the insertion of these some discretionary power is left to the responsible officer.

2. It has never, I believe, been the custom to demand, from P.W.D. Officers, residents in the District, prepayment for petty jobs carried out for them in the Workshops here, they being though technically "private parties" in reality, officially connected with the Shops.

3. It would be especially hard on residents officers if the ruling of the Code were to be enforced strictly in their case.

4. The provision for prepayment is no doubt very necessary in the case of bona fide private parties, i.e., parties which are not in any way connected with the shops in an official capacity and from whom there might be difficulty in recovering payment for work done.

5. But the cases of P.W. Officers belonging to the District & of those whom I may call outsiders, are I think not on all fours; and in allowing the letter of the rule to be broken in the case of the former, I have not (in applying it to really private parties) lost sight of the spirit.

6. I consider that in the case of the former it will be quite sufficient if bills are submitted to the Shops & paid by the parties once a month, no further work being carried out until such bill has been paid.

7. In regard to item 3 the work in question was carried out by order of the Ex Engineer, I am not quite sure that it should not have been charged to the workshops. the coffin was made for a lad who had died of Cholera while employed in the Shops. He had no relations who could have been called on to pay for the coffin in advance.

8. But in reference to item 4 there is no reason why the officer in charge of the Shops should not have called on the Local Fund Engineer for pre-payment. I will see that this is attended to in future although in the case of the Local Fund Department with whom transactions are not uncommon - it does seem to me quite

unnecessary.

SIR,

With reference to your endorsement on file No. 6418 of 26-10-91 No. 4704 C of 26th October 1891 from the Examiner P. W. Accounts, I have the honor to forward copy of letter No. 5258 dated 5th Nov^r 1891 from the Executive Engineer Godavari Eastern Division explaining the irregularities noticed by the Examiner.

2. I agree generally with the remarks of the Executive Engineer but I fail to see any particular hardship (see para 3) by enforcing the previous payment by private parties.

3. In the case of public bodies such as the Local Fund Department &c, the case I consider is different. Delay would occur if previous recovery of the estimated cost was always enforced, & I would recommend that some discretion be given in such matters to the Executive Engineer.

I have the honor to be
Sir,
Your most obedient servant

Letter from the S.E. I Circle N.E. No. 1440 G.D. of 18th Nov.

The execution of work
before "the whole estimated
cost" has been deposited
is forbidden by para
1904 of the P.W. Code
and the rule should
be strictly enforced.
1401
25 Nov. it is the desire of Govt.
to discourage the execu-
tion of private work

prepayment in the case
of work executed for
Local Funds, which
may be dealt with
as

as Govt. Department other
than that of Public Works
