In forwarding the accompanying correspondence from the Military authorities, I have the honour to request that the sanction of Government may be obtained to the transfer of the vacant military buildings at Quilon to the Bishop of Travancore to open a school in connection with the native congregation in that place that is in communion with the Church of England on conditions that the buildings be put into good order and maintained in good repair by the mission and handed back to Government whenever required on due notice, say three months, being given to vacate.

2. I may add that a similar concession was shown to the Arcot Mission in placing the vacant military buildings at Ránipet at their disposal on the aforesaid conditions for the use of a boarding school (*vide* G.O., No. 1 4 W., dated 18th April 1890).

To the Commandant
Quilon

Dear Sir,

I am anxious to open a school in connection with the Native population in this place that is in communion with the Church of England.

I am aware that there is an unused building under your authority, not for the Church, that is no longer required for military purposes.

May I ask you as Commandant of the Station & Lay Trustee of the Church to recommend to the proper authority that this building or a portion of it be lent to me for the use of a school, free of rent, so long as it is not required for military purposes, or for any other purpose? This that a suitable plot of ground be granted for the erection of a school?

I have the honour to be,

Your obt. servant

To,

Sir,

I have the honor to forward herewith an Application on the part of the Bishop of Ravancore and Lachin for the use as a School of a Military Building situated near St. Thomas Church in this Cantonment for the Children of the Native Congregation connected with that Church.

(2) The building in question was lately occupied by the Commissariat Department but was vacated on the removal of the Commissariat Agent at this Station under instructions received from the Commissary General in his No 2635 dated the 2nd July 1891.

(3) There at present appears no purpose to which the building can be applied - but should transport be attached to the Regiment at this Station this building forming a quadrangle with Covered Stalls on 3 sides and a room on either side of the gateway would be suited to accommodate the Animals Saddlery &c.

(4) As long as the building is not required for Military purposes I see no objection to a portion of the building being used for the purpose of a School as requested & I beg to recommend

I am of opinion that there is no objection to the
building in toto (not only a part) being given over
to be used as a school with two conditions at-
tached - viz: 1st that it be well looked after and
kept in repair - & 2nd that should the necessity
arise it be again handed over to the mil: Dep.
on due notice being given - If accepted on these
conditions, I would recommend that it be free of
