6TH JULY 1891, No. 1836 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper:—

From Lieut.-Colonel R. R. E. DRAKE-BROCKMAN, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated 25th June 1891, No. 337 W.

Adverting to G.O., No. 1662 W. of 19th current, I have the honour to inform you that the estimate for extending groyne P of the Vypeen foreshore, Cochin, was never sent to me for the purpose of being forwarded to the Presidency Port Officer, but was sent direct by the Executive Engineer, West Coast division, to that officer. I had no opportunity of seeing it till it was forwarded on to me with No. 1662 W., dated 19th instant. If I had had a previous opportunity of looking into the plan and estimate, acquainted with the locality as I was, and as it was upon my report the estimate was framed, I would have made some modifications in it, which now, however, are too late, as the work has been in progress for some months and nearly completed.

ORDER—dated 6th July 1891, No. 1836 W., Public Works.

Recorded.

2. The Superintending Engineer, IV Circle, will draw the attention of his Executive Engineers to the provisions of paras. 988 and 989, Public Works Code, under which plans and estimates should invariably be forwarded to Civil officers concerned, through the Superintending Engineer of the Circle. This rule is very frequently overlooked, causing much delay in the disposal of estimates, and attention should be called to it in other circles also.

pectively the 21st and 19th
Ultimo, I have the honor to
inform you that G.O. No. 1836 W
of 6th July 1891 simply directs
that all plans and estimates
connected with civil works
should invariably be for-
warded to civil officers thro:
the Superintending Engineers,
but the estimate under refer-
ence is a military work and
you will see from P.W. Code
para

para 1097 that Executive Engineers should invariably get the approval and countersignature of the Military officers to the estimates and plans before submitting to the Suptg Engineer any proposal for a Military work.

2 In the present case the Assistant Adjutant General having called for a plan and estimate for constructing quarters and out-houses for the Seryt Instructor Madras Railway Volunteer Corps at Podanur, it was forwarded to that officer for approval on the understanding that the plan and estimate will be returned to this office after his approval.
