PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following paper:—

From the President, District Board, South Arcot dated 11th November 1891

No. 75

With reference to No. 4 of the remarks of Government in G.O. dated 1st May 1891 No. 1044 & I have the honor to state that under L.I. rule 3b an estimate of Rs. 2500 for constructing a Local Fund Supervisor's office at Induriam was sent to the Superintending Engineer for approval. That officer approved the estimate and suggested that "a small cook house with latrine" might be constructed. The Local Fund Engineer was thereupon requested to submit an estimate for the additional work thus suggested and an estimate of Rs. 260 was accordingly submitted by him. It is this estimate that is referred to in the statement which has accompanied the above Government Order. As it related to the same work as the one mentioned above it was forwarded to the same officer (the Superintending Engineer) for scrutiny.

2. As regards the estimates for the two other works mentioned in the remarks of Government under reply, the President

of the Indivaram Taluk Board reports in his letter dated 12th
October 1891 No 328 that they were sent to the Superintending
Engineer for scrutiny with reference to the Taluk Board's
resolution No 1 dated 17th May 1890 a copy of which is enclosed.

The Taluk Board was mistaken in thinking that the estimates
required the scrutiny of the Department of Public Works.
