7TH DECEMBER 1891, No. 3274 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers :—

From J. C. LARMINIE, Esq., Executive Engineer, Coimbatore division, to the Superintending Engineer, IV Circle, dated Coimbatore, 7th September 1891, No. 5359.

I have the honour to submit, for sanction of Government, the accompanying proposition statement for the employment of watchmen for watching the overseers' sheds at Udamálpet, Polláchi and Kótúr in the Coimbatore sub-division and request that estimate of Rs. 108, sanctioned in Register No. 28 of 1891-92 from Provincial funds, may be cancelled, as the Examiner of Public Works Accounts has pointed out that the pay of watchmen employed for the custody of rest-houses "should not be charged to Provincial repairs but to Establishment salaries (*vide* note to Public Works Code, para. 964)."

No. 478 W.

Submitted to the Chief Engineer, Public Works Department, with a request that he will be good enough to obtain the sanction of Government to the entertainment of the watchmen to the overseers' sheds at Udamálpet, Polláchi and Kótúr.

(Signed) R. R. E. DRAKE-BROCKMAN, Lt.-Col., R.E.,
12th September 1891. Superintending Engineer, IV Circle.

No. 4103 C.

Referred back to the Superintending Engineer, IV Circle, for favour of report, whether arrangements for the custody of the buildings cannot be made with the village officials, as ordered in rule (1), para. 1042 A., Public Works Code (Standing Order No. 1234).

(By Order.)

15th September 1891.

(Signed) O. V. BODDY, Major, R.E.,
Dy. Chief Engineer, P.W.D.

From J. STURROCK, Esq., Collector of Coimbatore, to the Executive Engineer, Coimbatore division, dated 17th October 1891, No. 2963.

In reply to your letter, dated 10th current, I have the honour to state that I have no objection to your coming to an agreement with village officers to take charge of a rest-house.

2. I cannot, however, impose the charge on them as part of their official duty.

No. 6361.

True copy forwarded to the Superintending Engineer, IV Circle, with reference to his No. 965 C.I. of 29th September 1891. Under these circumstances, I consider that it is far more preferable to employ independent watchers, whose pay is not after all more than should be given to village officers to undertake the extra work and who already have quite enough to do.

24th October 1891.

(Signed) J. C. LARMINIE,
Executive Engineer.

No. 565 W.

Forwarded to the Chief Engineer, Public Works Department, with reference to his endorsement No. 4103 C., dated 15th September 1891, herewith returned.

2. In these circumstances, the sanction of Government to the entertainment of watchmen to the overseers' sheds in question is solicited.

28th October 1891.

(Signed) R. R. E. DRAKE-BROCKMAN, Lt.-Col., R.E.,
Superintending Engineer, IV Circle.

From the Superintending Engineer, IV Circle, dated 27th November 1891, No. 623 W.

ORDER—dated 7th December 1891, No. 3274 W., Public Works.

His Excellency the Governor in Council considers the employment of special watchmen unnecessary. The men already engaged should accordingly be discharged and the village officers required to look after the bungalows. They need not be specially remunerated for this duty.

2. The expense already incurred will be admitted by the Examiner.

NOTES

REFERENCE TO MADRAS P. W. D. COMPTROLLER
EDITION OF 1886.

PARAS. 25 & 26.

1. The column headed "present scale" should invariably show the *sanctioned scale for the time being* and not the strength of the actual (whether above or below sanctioned) establishment as it happens to stand at the time. The "present scale" should be verified by the examiner before the proposal is submitted to government for sanction (paras. 25 and 26).

2. In the column "average or fixed pay," financial value, not mean value, should be given.

3. The financial value should in the case of progressive appointments be calculated as follows:—

(1) If the period of rise from minimum to maximum is 5 years, the average will be the minimum *plus* two-thirds, or if the appointment is a ministerial one, *plus* three-fourths, of the difference between the minimum and maximum (C. S. R., Art. 164).

(2) If the period of growth exceeds five years (as in the case of accountants) the $\frac{1}{5}$ th fraction should be decreased by $\frac{1}{10}$ th of the difference for every year by which the period exceeds five; the fraction for periods in excess of five years will therefore be as follows:—

$$6 \text{ years} = \frac{1}{5} - \frac{1}{10} = \frac{1}{10}$$

$$7 \text{ years} = \frac{1}{5} - \frac{2}{10} = \frac{1}{10}$$

$$8 \text{ years} = \frac{1}{5} - \frac{3}{10} = \frac{1}{10}$$

and so on; so that when the period of growth is 20 years the financial value will be the exact mean.

reply as follows:-

- (1) The watchmen for whose employment sanction has been asked are required to watch Pungalows and out houses.
- (2) The buildings are Inspection Pungalows and are usually thatched buildings.
- (3) The Inspection Pungalows at Pollachi, and Kottur contain no moveables. But unless they are looked after they are sure to suffer.
