This remark-

It will be seen from
the budget proposals
separately submitted that
with a grant reduced to
2 lakhs, there will be
very little money left for
recommended works
next year.

If it be decided to
refer the Chemical labora-
tory building, the indent
for Steel girders sent home
with letter No. 3099 W dated 18
November 91 should perhaps
be cancelled by wire

I am inclined to think
it will be better to
defer the work; the
delay in getting out type
designs, and then
the time that would
elapse before materials
for the work could arrive
in this country, make
it as well to make
sure of not having the

We should consider whether it is advisable to commence this work as the grant for the year must be fixed at 24 Lakhs only & it may not be possible to find funds to finish it. Some 3 or 4 Lakhs will be wanted for the W.P.D. hospital the commenced Library wing of the Mint & furniture with the balance of 20 Lakhs the budget will be tight enough. There will also be a large margin if no available
