GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—again the following paper :—
G.O., dated 30th September 1891, No. 2621 W., Public Works.

READ—also the following papers :—

Office-note from the Chief Engineer for Irrigation, dated Madras, 12th November 1891, No. 292.

Proceedings of the Madras Government, No. 2621 W., dated 30th September 1891, and statement referred to in para. 1 of the order, which has been obtained for reference from your office, and is returned herewith; it appears to me that several buildings have been dealt with which should not have been so.

(1) *Rest-house at Ralli.*—This is merely one of the rest-houses built when the Godavari project was being carried out from Irrigation funds for temporary occupation by officers without rent. It was, when the Central delta was a temporary division, allowed to be occupied by the Executive Engineer as a residence on payment of rent; but since that delta has ceased to be a separate division, the building falls back into the category of "rest-houses" and should no more be dealt with in the statement under notice than any of the other rest-houses.

(2) The "old toll offices" at Papanchavadi and Pedda Ganjam on the Buckingham canal seem entirely out of place in the statement.

(3) The same is the case also with the goods and store sheds and the "stalls" on the Kurnool canal which are not in any way "residences." The latter were constructed by the Madras Irrigation and Canal Company merely to keep bullocks or ponies in when the company started the management of traffic itself.

(4) The "plank shed" at the Grand Anicut, Tanjore, is not a "residence," nor is the "Central station covered wharf," Kistnapuram-Kurnool canal, one.

(5) Whether the "rest-houses" at Thekady and Periyar are correctly brought into the statement I do not know.

Office-note to the Examiner, Public Works Accounts, dated Madras, 19th November 1891, No. 5149 C.

[Office-note from Chief Engineer for Irrigation, dated 12th November 1891, No. 292.]

Please say whether you know of any reason why the buildings named by Chief Engineer for Irrigation should not be removed from the category of buildings let or available for rent as private residences.

2. There are other buildings in the statement, notably the "tiled house" at Adyar, which is understood to be an old servant's godown, in a ruinous condition for which no rents ever appear to have been collected and which also should apparently be removed from the Capital and Revenue accounts.

Office-note from the Examiner, Public Works Accounts, dated Madras, 1st December 1891, No. 7419.

With reference to remarks of the Secretary to Government, Irrigation Branch, on the buildings noted below, giving reasons why they should not have been dealt with in the Capital and Revenue accounts of buildings let or available for rent as residences, and to your inquiry thereon, I beg to remark as follows:—

(1) *Rest-house at Ralli*.—This building was occupied by W. C. Lewis, Esq., Executive Engineer, and J. S. Wilson, Esq., Assistant Engineer, during 1889-90; it was vacant during 1890-91; but as arrears of rent for 1889-90 was recovered in 1890-91, it was brought on the statement.

The building will be omitted from the Capital and Revenue accounts in future if it is not available for rent.

(2) Old tiled house at Papanchavadi,	} In Buckingham canal division.
Tiled house at Adyár,	
Tiled shed at Pedda Ganjam,	} In Kurnool division.
Stalls,	
Goods and store sheds,	
Canal station covered wharf,	

In the return of buildings rented and available for rent of the divisions concerned, the buildings in question were shown as "vacant", and as it was thought they were available for rent, they were brought on the statement they have not been occupied.

These buildings will be omitted from the Capital and Revenue accounts in future if they are not available for rent.

(3) *Plank shed at Grand Anicut, Tanjore*.—This building was occupied by the Anicut Superintendent during 1889-90 and 1890-91, and rent at Rs. 5 per mensem recovered from him. This building is still occupied, and, so long as it is occupied as a residence, it should be kept on the Capital and Revenue accounts.

(4) *Rest-house at Thekady and Periyár*.—These were brought on the statement as in G.O. No. 746 W., dated 14th March 1891, rent at Rs. 10 per mensem was fixed to be recovered when occupied as residences.

Rest-house at Thekady was occupied during 1889-90, but has been vacant since.

Rest-house at Periyár was occupied from July 1890 and is still occupied.

If the former is not now available for rent as a residence, it will be omitted from the Capital and Revenue accounts for current year; the latter will be kept on as it is still occupied.

ORDER—dated 9th December 1891, No. 3307 W., Public Works.
