C. No. 12787

3362

Arrangements will be made for complying with this requisition. It will be necessary to put a special man on the work.

He might, in the first instance, collect spare copies of all printed papers, and take down, simultaneously, the Nos. & dates of all M/s orders. This will show what amount of copying will be needed.

It would be well to commence from the 1st January 90, work down to the 1st October of that year, and then go back year by year, in the same way. The orders of each year being despatched to the Board as soon as the file for the year is complete. The Board

Yes. This arrangement  
is suitable one -

(a) I suppose we shall  
not require a  
special clerk -

(b) Has the file  
connected with Mr  
Lester's scheme been  
returned?
