GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General.
Account.

READ—the following papers :—

From Lieut.-Colonel R. R. E. DRAKE-BROCKMAN, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated Coimbatore, 15th May 1891, No. 256 C.W.

In forwarding, herewith, copies of correspondence noted in the margin in regard to the returns now being rendered by the Executive Engineer, North Arcot division, to the officers of other departments, I have the honour to request you will be good enough to obtain the orders of Government as to whether their submission is to be continued or otherwise—

- (1) Statement of yearly rainfall (sent to the Station Staff officer, Vellore).
- (2) Statement of annual outlay on jail buildings (sent to Superintendent of Jail, Vellore).
- (3) Statement of annual cost of establishment (sent to the Collector).
- (4) Return of sanctioned estimates (sent to the Collector).

2. As regards the return of sanctioned estimate to the Collector, I think the Executive Engineer need only include works costing Rs. 500 and less.

ENCLOSURES.

From Major C. O. RAWSON, R.E., Executive Engineer, North Arcot division, to the Superintending Engineer, IV Circle, dated Vellore, 20th March 1891, No. 722 S.E.

With reference to G.O., No. 412 W., of 14th February 1891, communicated with your endorsement No. 92 C. of 6th instant, I have the honour to inform you that I reported to the Superintending Engineer, V Circle, in my letter No. 604 of 26th November 1889 that the following returns were supplied from this office to the officers of other departments, namely—

- (1) Statement of yearly rainfall.
- (2) Do. of annual outlay on jail buildings.
- (3) Do. of annual cost of establishment.
- (4) Do. of tank restoration works completed up to end of September.

I cannot find from the statement appended to the Proceedings that any of the above returns have been shown, but that precisely similar returns (except return No. 1 above) submitted from other divisions (*vide* items 3, 9 and 25 have been entered and orders of Government in respect of them have been passed). I wish to know whether the orders passed in respect of such returns are held equally applicable to this division.

With regard to the orders contained in para. 5 of the Proceedings I should think it desirable that in the case of Executive Engineers who are vested with increased powers the return of sanctioned estimates to be submitted by them to Collector should be for works amounting to Rs. 500 and less and on this point I request you will move Government to pass their orders.

From Major D. McN. CAMPBELL, R.E., Superintending Engineer, V Circle, to the Superintending Engineer, IV Circle, dated Chepāk, 8th May 1891, No. 127 M.

With reference to your letter No. 161 M., dated 20th April 1891, I have the honour to state that, as will be seen from letter No. 604 S.E., dated 26th November 1889, from the Executive Engineer, North Arcot division, the information furnished by him yearly to the Station Staff officer, Vellore, the Superintendent, Central Jail, Vellore, and the Collector of North Arcot were not of the nature of returns but furnished to those officers upon their special requisition to the Executive Engineer; these were, therefore, not included in this office No. 6463 of 8th August 1890, but the return of tank restoration works was included (see item 18 in list which accompanied G.O., No. 1150 W., dated 19th April 1890).

Memo. No. 258 D.

The question whether the continued submission of the returns mentioned in the Superintending Engineer's letter is necessary will be referred for consideration to the departments concerned as follows:—

- 1) Statement of yearly rainfall (sent to the Station Staff officer, Vellore) to the Military Department.
- (2) Statement of annual outlay on jail buildings (sent to the Superintendent of the Jail, Vellore) to the Judicial Department.
- (3) Statement of annual cost of establishment (sent to the Collector) to the Revenue Department.
- (4) Return of sanctioned estimates (sent to the Collector) to the Revenue Department.

2. The question whether the return of sanctioned estimates for irrigation works alluded to in para. 5 of G.O., No. 412 W., dated 14th February 1891, should include works up to Rs. 500 in the case of Executive Engineers who have been vested with increased powers will also be referred to the Revenue Department.

Office-note from the Examiner, Public Works Accounts, dated 11th July 1891, No. 3927.

The information required by the Inspector-General of Jails is available in my office and can be furnished as soon as the accounts of each year are finally closed, that is about the 1st of August.

Office-note from the Examiner, Public Works Accounts, dated 30th October 1891, No. 6655.

If orders have been passed on my office-note No. 3927, dated 11th July 1891, will you please furnish me with a copy thereof.

2. I take this opportunity to point out that, according to item No. 3 of annexure to G.O., No. 412 W., dated 14th February 1891, the statement of outlay on jail buildings has heretofore apparently been submitted by the Superintending Engineer, I Circle, only while from your office-note No. 478 D., dated 30th June 1891, it would seem that the statement is furnished by every Executive Engineer.

ORDER—dated 17th December 1891, No. 3395 W., Public Works.

In his letter No. 256 E.W., dated 15th May 1891, above recorded, the Superintending Engineer, IV Circle, brought to notice that the undermentioned returns rendered by the Executive Engineer, North Arcot division, were not mentioned in

the statement printed with G.O., No. 412 W., dated 14th February 1891, and the question as to the necessity for their continued submission was referred to the departments concerned :—

- (1) Statement of yearly rainfall.
- (2) Statement of annual outlay on jail buildings.
- (3) Statement of annual cost of establishment.
- (4) Return of sanctioned estimates.

2. Item (1) being no longer required by the Station Staff officer, Vellore, will be discontinued.

3. Item (2) will be discontinued by all Executive Engineers who now furnish the information to local Superintendents of Jails, and in lieu a consolidated return for the Presidency will be rendered by the Examiner to the Inspector-General of Jails.

4. Orders in the Revenue Department with respect to item (3) are awaited. A similar return furnished to the Collector by the Executive Engineer, Cuddapah division, was discontinued under G.O., No. 412 W., dated 14th February 1891.

5. With regard to item (4), orders in the Revenue Department on the subject of para. 5 of G.O., No. 412 W., dated 14th February 1891, are awaited, as also on the question whether the proposed return of sanctioned estimates should include works up to Rs. 500.

6. Orders in the Revenue Department are also awaited with respect to the necessity for the continued submission of the undermentioned returns included in the list printed with G.O., No. 1150 W., dated 19th April 1890 :—

Item No. 13—Statement of forest materials removed by the Public Works Department on the Nilgiris; furnished to the Forest officer, Ootacamund.
