GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

General, Account.

READ—the following papers:—

From the Consulting Engineer for Railways, dated 10th June 1890, No. 399.
Endorsement in the Revenue Department ,, 9th July ,, ,, 4209.
From the Director-General of the Post office of India, dated 11th July 1890, No. 4364.
,, ,, ,, ,, ,, 28th Aug. ,, ,, 6101.
Proceedings of Government, Revenue Department ,, ,, 29th Sept. ,, ,, 5980.
,, ,, ,, ,, ,, ~~7th Nov.~~ ,, ,, ~~316.~~ 7577
,, ,, Judicial ,, ,, 2nd Feb. 1891 ,, 208.

ORDER—dated 14th February 1891, No. 412 W., Public Works.

In G.O., No. 1150 W., dated 19th April 1890, orders were passed with respect to items 5, 14, 15, 16, 17, 19 and 21 in the list of returns attached thereto.

2. The papers read above contain replies with respect to all the other returns enumerated in the list, excepting items 1, 13 and 23, and the annexed statement now shows the returns which should be discontinued and those whose continued submission is considered necessary.

3. The Director-General of Post offices requests that, in lieu of item No. 2, all Executive Engineers should communicate annually to Superintendents of Post offices any changes that may have taken place during the year in the estimated values and rates of rent of postal buildings. Superintending Engineers will instruct their Executive officers accordingly.

4. A further report from the Revenue Department with respect to the necessity for the continued submission of the undermentioned returns is awaited:—

Item No. 1.—Statement showing the salt passed through certain locks in the I Circle.

Item No. 13.—Statement of forest materials removed by the Public Works Department in the Nílgiri district.

Item No. 23.—Monthly schedule of Incorporated Local Fund works.

5. With regard to item 20, "monthly return of sanctioned estimates for irrigation works amounting to less than Rs. 200 in each case," submitted by the Executive Engineer, South Arcot division, to the Collector, the Revenue Department has suggested that a similar return should be furnished by all Executive Engineers to the Collectors concerned and that the practice of sending such estimates to Collectors for approval should be discontinued. Final orders on the subject in the Revenue Department will be awaited.

6. Ordered that a copy of these Proceedings be forwarded to the Government of India in continuation of this department letter No. 3060 W., dated 17th November 1890.

(Here enter No. 413 W., dated 14th February 1891.)

AGENT AND MANAGER'S OFFICE,

MADRAS, 5th June 1890.

From

The Agent and Manager, M.R.Co.

To

The Offg. Consulting Engineer for Railways, Madras.

SIR,

Your letter No. 1476 of 31st May ultimo.

I have the honour to state that the Traffic Manager informs me that the return shewing the tonnage of food grain imported by the agency of the Buckingham Canal is of considerable importance to his Department for the following reasons:—

(A) The statement shews how far the canal competes with this Railway.

(B) The figures are embodied in the half yearly reports for the

Madras Railway.

the Board's information and in this form are available for reference at any time they may be required by the Government officers.

I have the honour to be,

Sir,

Your most obedient Servant,

for Agent & Manager.

FROM

THE DIRECTOR-GENERAL OF THE POST OFFICE OF INDIA,

TO

The Secretary to the
Government of Madras
Public Works Department

Sir,

I have the honor to acknowledge the receipt of G. O. No. 1466 W, dated 28th May 1890, communicating copy of an office note from the Examiner Public Works Accounts suggesting that the annual statement of outlay on postal buildings now furnished by Executive Engineers to Superintendents of Post offices is unnecessary, and should be discontinued as a

Form C. & D. S. 8.

as a return of a similar nature is sent by the Examiner to this office.

2. In reply I beg to point out that the two returns do not contain the same information. The statement furnished to the Superintendent of Post offices shows, as its name indicates, not only the outlay on Postal buildings but also their estimated values and rates of rent, while the statement received by this office exhibits only the expenditure

4123/10

expenditure incurred. The particulars regarding the values and rents of the buildings, which are necessarily subject to revision from time to time, are required by the Postmaster General for the purposes of the Annual Administration Report of his Circle, and under these circumstances the Director General is of opinion that it would not be desirable to discontinue the submission of the statement in question.

I have the honor to be,

Sir,

Your most Obedient Servant,

Ed. Bien.

Asst. Director General

Calcutta the 28 August 1890.

FROM

THE DIRECTOR-GENERAL OF THE POST OFFICE OF INDIA,

TO

The Secretary
to the Government of Madras
Public Works Department.

Sir,

With reference to your letter No. 3295 of the 4th August 1890, I have the honor to suggest that in future all Executive Engineers should communicate annually to Superintendents of Post Offices any Changes that may have taken place during the year in the estimated values and rates of rent of postal buildings. This Office will send the Post Master General a copy of the annual statement received from the Examiner of Public Works Accounts showing

Form C. & D. S. 8.

412-3
12

showing the outlay incurred on postal buildings. If the above suggestion be adopted, the return at present furnished by Executive Engineers to Superintendents of Post Offices can be abolished.

I have the honor to be,
Sir
Your most obedient Servant,

E. O'Brien.

Asst. Director General

P. W. Recs. 82/13

Revs 2-9-90

Revenue Department

41 23/13

PROCEEDINGS OF THE MADRAS GOVERNMENT.

Read the following Proc: of the Board of Revenue (Land Revenue) dated 18th August 1890, No. 5218 Mis: on letter from the Collector of South Arcot dated 5th August 1890, No. 530/Land.

Adverting to your reference on Register No. 1114 dated 8th July 1890, I have the honor to state that the Return No. 20 thereon mentioned relates to the repairs of Inspection tanks costing Rs. 200 & under which the Executive Engineers are empowered to sanction themselves.

2. Under paras 267 J & 320 b (3) of the Public Works Code all irrigation estimates prepared by the Public Works Department for execution have to be approved by the Collector before they are sanctioned. This system being productive of useless correspondence & delay in the case of minor repairs costing Rs. 200 & less it was arranged in 1885 that a Return of such estimates sanctioned by

320 b.

Compiled
Recs
2.9.90
D.H.

i.e. private correspondence
Code para 267 the Board's letter

by the Executive Engineer might be forwarded every month for the information of the Collector while those costing more than Rs: 200 being forwarded as usual to the Superintending Engineer for sanction through the Collector with his countersignature.

3. On receipt of the monthly return it is communicated to the Divisional officer concerned and thus prevents unnecessary correspondence being held by him with either the Collector or the Executive Engineer on the matter.

4. I am in favour of retaining the return.

Resolution.

Submitted to Government with reference to G. O. dated 6th May 1890, No: Rev. 2019. + Not come

2. The matter is one of private arrangement between the Collector and Executive Engineer and practically results in the abandonment of the control which the Collector is supposed to exercise over Irrigation repairs costing Rs: 200 and under as well as over more important items of irrigation expenditure. The Board think so, therefore, that the return in question should be discontinued and all irrigation estimates forwarded by the Executive Engineer for the Collector's approval as intended by the P. W. Code.

Order thereon 29th Sept 1891 No: 5980.

The Government is of opinion that the present system under which irrigation estimates are forwarded to Collectors for approval is productive of delay without ensuring any real check by them. They have now perfect control over the expenditure on all minor irrigation works. As regards other works the Budget which is supplied to them shews how the grant is proposed to be expended on the several works and it appears to be sufficient if in addition to it a monthly return of the Executive sanctioned

PROCEEDINGS OF THE BOARD OF REVENUE
(Revenue Settlement, Land Records and Agriculture).

Mr. Clogstoun.

Resolution—dated 7th November 1890, No. 346.

Of the returns given in the list attached to G.O., Mis. No. 3019, dated 16th May 1890, the following seven relate to this department:—

(*a*) Statement of channels, constructed in connection with Government anicut system during the 5 years ending with fasli, furnished by the Executive Engineers in Circle I.

(*b*) Monthly diagram, showing rise and fall of Tungabhádra at Valhapur anicut, furnished by the Executive Engineer, Bellary Division.

(*c*) Statement of expenditure on establishment during the year furnished by the Executive Engineer, Cuddapah Division.

(*d*) Programme of Irrigation works furnished by the Executive Engineer, Cuddapah Division.

(*e*) Rainfall registers furnished by the Executive Engineer, Tanjore Division.

(*f*) Statement showing the cost of Tank Restoration Works establishment furnished by the Executive Engineer, Madura Division.

(*g*) Yearly statement of Tank Restoration Works completed, furnished by the Executive Engineers of Kurnool and Madura Divisions and by the Superintending Engineer, Circle V.

2. The Collectors concerned have been consulted, and it appears from their reports that (*b*), (*c*), (*e*) and (*f*) may be discontinued.

3. The Collector of Godávari states that (*a*) is necessary for the purpose of giving in his jamabandi reports the information called for in paragraph 81 of the Board's Proceedings, No. 128, dated 6th May 1890, and that it should be furnished annually instead of quinquennially. The Board's requisition was based on paragraph 7 of G.O., dated 11th February 1874, No. 184, passing orders on the quinquennial returns for fasli 1281 (1871-72). In 1888 in reply to a similar reference from the Public Works Department, the Board left it to Government to decide whether the return may be discontinued in future (Board's Proceedings, Mis. No. 1256, dated 6th June 1888), but no orders appear to have been passed on the subject. The Board considers that it will be sufficient to note in the jamabandi report only those works which are constructed at private outlay, omitting all mention of works constructed at the cost of the State as these latter are noticed in the report of the Public Works Department. If the Government concurs in this view, the statement furnished by the Public Works Department may be ordered to be discontinued.

4. The Collector of Cuddapah wants (*d*) in order that he may be placed in a position to urge the claims of works needing repairs. The Board considers that a separate annual return for the purpose indicated is uncalled for.

5. All the returns therefore may be discontinued except (*g*) regarding which orders are now solicited.
