Explanation regarding modification of grant.

Proposed Reduction.

A & B. These sums are not required for expenditure as these two works have been completed and the sum now surrendered is the saving on those two estimates. This sum namely Rs 3000 may be transferred to Item D. C.

C. The Sub S^t Officer informs me that he will spend Rs 5000 in the original allotment during this year, and besides about Rs 6000 have been debited to this work during this year on account of value of the iron work supplied from England.

D. This increase of Rs 4000 is in consequence of the revision of the estimate for maintaining Pottinghi Koraput Road, the entire amount of the revised estimate will be worked out.
