GOVERNMENT OF MADRAS.
PUBLIC WORKS DEPARTMENT.

General.
Establishment.

READ—the following papers:—

Note by the Secretary to Government, Public Works Department, dated 16th Oct. 1890.
" " " " " " " " 24th " "

G.O., dated 26th January 1891, No. 604, Revenue.

Read—endorsement of the Public Works Department, dated 4th November 1890, No. 4520 C.

ABSTRACT.—Forwarding, for favor of replies to the questions in the Honorable Member's note of the 1st November, whether the Board would like Sergeant Murphy to supervise their watchmen as formerly and whether they will get a tell-tale clock for the purpose and what is the present system of guarding the Revenue Board buildings.

Read—also the following Proceedings of the Board of Revenue (Land Revenue), dated 13th December 1890, Mis. No. 7957:—

Read—the following official memorandum from the Secretary to Government, Revenue Department, dated 8th November 1890, No. 133:—

The Secretary to the Commissioners of Land Revenue is requested to report what system of guarding the Revenue Board buildings during the night is now in force; whether the Board has any objection to place its watchmen as formerly under the supervision of Sergeant Murphy, who is in charge of the conservancy of the Chepák Park and whether a tell-tale clock will be provided for the purpose.

2. A copy of the memorandum describing the arrangement proposed for the guarding of the Public Works buildings is enclosed for the information of the Board.

Resolution—dated 13th December 1890, Mis. No. 7957.

The Board begs to reply to official memorandum, dated 8th November 1890, No. 133, R.D. Under existing arrangements the Board watches its own buildings itself, the various departments each detail one or two peons and these men watch (or

	Peons.	
Land Revenue	2	occupied by their own departments. They
Salt	2	do not patrol, and, as there is nobody in
Settlement	1	charge of them and no system of commu-
Survey	1	nication between the various parties (<i>vide</i>
Forest	1	para. 2 of Board's Proceedings, dated 6th
Total	7	November 1889, No. 6772, Land Rev-
		enue), the arrangement can hardly be
		said to be satisfactory. The peons de-
		tailed are shown in the margin.

2. The Board would be glad to transfer the watching of the buildings to Sergeant Murphy and to buy a tell-tale clock if Government will sanction the purchase of one; but it would prefer that Sergeant Murphy should find his own men for himself. This was, in fact, the case up to the date of G.O., dated 1st July 1889, No. 1739 W., and

the Board's present establishment of peons was not fixed with any idea that the watching staff should be supplied from it. The men work during the day, and, as was understood in G.O., dated 17th August 1889, No. 5276, Revenue, sleep at night. If they are now to patrol and to pull at the tell-tale clock, as the Board agrees that they ought to, their day work must be wholly given up and their services wholly lost to the Board, and that this cannot be done without very great inconvenience may be judged from Board's Proceedings, dated 22nd July 1889, No. 4390, the Proceedings on which the Government order allowing the men to sleep was passed. Probably too, under Sergeant Murphy's orders, a smaller staff would suffice and this will certainly be the case when the iron gates sanctioned in G.O., dated 2nd October 1889, No. 659, Financial, are put up, as they shortly will be.

3. In any case, however, the Board would be ready to place the watching in charge of Sergeant Murphy. As pointed out in Board's Proceedings, dated 28th August 1889, No. 5246, a thief once inside the building could make his way all over it with ease and it is especially important that the watching of the whole building should be connected and in the charge of one man. If, therefore, Government cannot sanction the half dozen additional men required, the Board will place its own men to the number of 7, as at present detailed, under the orders of Sergeant Murphy and place the control of them in his hands. This will simply be a reversion to the position of former years, except it may be noted that the men, who are abolished, under G.O., dated 1st July 1889, No. 1739, from the establishment of the Consulting Architect, will now be re-entertained at the expense of the Board.

Order—dated 26th January 1891, No. 604, Revenue.

Transferred to the Public Works Department with reference to G.O., dated 4th November 1890, No. 4520 C., with the remark that the purchase of a tell-tale clock will be sanctioned, but that no additional establishment can be allowed (*vide* G.O., dated 2nd October 1889, No. 659, Financial).

(True Extract.)

(Signed) C. A. GALTON,
Secretary to Government.

ORDER—dated 16th February 1891, No. 432 W., Public Works.

The employment of four night watchmen to patrol the Public Works offices and the Revenue Board buildings is sanctioned. The men will be under the supervision of the Conservancy Inspector Sergeant Murphy and will be attached to the Consulting Architect's division.

2. The Board of Revenue will be requested to place under the orders of Sergeant Murphy the seven men mentioned in its Resolution and to inform the Consulting Architect when the tell-tale clock has been provided.

3. The sanction accorded in para. 1 has been registered as Provincial No. 84 W. of 1890-91 and classified as Establishment, Temporary.
