GOVT. OF MADRAS.

1890.

P. W. DEPT.

EXAMINER, P. W. ACCOUNTS.

KEEP-WITH

CURRENT No.

Madras, 20 December

1890.

OFFICE NOTE No. 7596.

189 .

To

E. W.

With reference to my office note No. 7299 dated 9th. December 1890, it occurs to me that the delay in submission of the returns of grants expenditure & unspent balances, form No. M. 78, may sometimes be due to absence of Executive Engineers from their head quarters on the date on which the return falls due, and, although such absence should seldom prevent telegraphing the necessary figures when the return itself cannot be submitted in proper time, it might be well to obviate this cause of delay by the introduction of a rule in the Madras Code to the effect that a divisional accountant may, as in the case of the monthly accounts [see code para 3II (IV)] sign and forward the return to me on occasions of Executive Engineer's absence from head quarters, the office copy being sent immediately afterwards to the Executive Engineer, who on his return to head quarters, or earlier if convenient, would report to me that he has

seen the return and that he approves of it.

2. The return is for the most part a statement of account, and the Executive Engineer should always see it at sometime or other, in order to know the state of his grants, if for no other purpose; but he need never be concerned in the preparation of it, excepting only in so far as it is an application for letter of credit. The accountant will however generally know pretty correctly what credit to apply for, & the Executive Engineer can always if necessary correct his application by wire.

3. If you see no objection, I beg that you will kindly move Government to accord sanction to the introduction of a rule such as that I have proposed above.
