From G. D. WYBROW, Esq., Superintending Engineer, I Circle, to the Chief Engineer, Public Works Department, dated Dowlaishweram, 10th November 1890, No. 919 G.N.

With reference to G.O., No. 2548 W., dated the 25th September 1890, allotting Rs. 500 for minor irrigation works in Jarada estate for the current year, I have the honor to submit herewith a letter, in original, No. 440 S.E., dated the 30th October 1890, with its enclosure (a list of works), received from the Executive Engineer, Ganjam Division, and to state that it appears that the execution of the works in the list, have been undertaken, some of them being incomplete works of last year, and some of them were requested by the Collector to be put in hand. I therefore beg to request that you will be good enough to obtain an allotment of Rs. 2,150, as detailed below, for the current official year, for Jarada estate :—

ENCLOSURES.

From A. M. HAYES, Esq., Executive Engineer, Ganjam Division, to the Superintending Engineer, I Circle, dated Berhampore, 30th October 1890, No. 440 S.E.

With reference to your No. 823 G.N., of 6th October 1890, I have the honor to forward you a statement of the works in progress in Jarada estate during the current year and to offer the following remarks.

2. The Collector in his No. 2451, of 4th April 1890, instructed me that works in the Jarada estate should not be undertaken unless they were absolutely necessary, but with his No. 2970, of 24th April 1890, he forwarded 14 estimates, prepared by the estate manager and countersigned by himself, for works which had been damaged by the heavy rains of the previous year, and requested that those in urgent need of repairs might be attended to.

3. Later on the Collector requested in his Nos. 4980, of 16th July 1890, and 5310, of 31st July 1890, that works Nos. 2, 3, 4, 10 ; in the list forwarded with his No. 2970 above quoted, should be put in hand.

4. The Collector's instructions are being attended to and the modified grant asked for, for this estate, is to meet the cost of urgent repairs and to pay the balance on incomplete works of last year completed during this year.

5. The Rs. 500 allotted in G.O., No. 2548 W., dated 25th September 1890, for urgent minor irrigation works in the Jarada estate, seems to be for expenditure by the Civil department, as the Government order clearly states that nothing is provided for Public Works Department works in major irrigation works, communications or buildings. But from my paras. 2, 3, 4 above you will see why expenditure has been incurred by this department and why it is not possible to restrict the amount of expenditure to Rs. 500 as ordered in your No. 864 G.N., dated 21st instant.

6. In the last modification statement I applied for a total of Rs. 2,150 for this estate. The statement enclosed shows that the amount of estimates actually in progress, or completed, is Rs. 2,060. I therefore request that you will obtain the full allotment asked for.
