SIR,

I have the honor to state
that in order to carry out the tests for
observation of Spirits under G.O. no. 314 of
15th January 1891 Revenue, a fresh supply
of water is required to be laid on as the
small reservoir which now supplies this
laboratory is not sufficient to meet the
increased wants. I therefore request that
early sanction may be accorded to have
a red-hills water main laid on specially
for this work. There is likely to be a balance
of over Rupees 150. from the budget
allotment for contingencies and the expenditure
can be met from this balance.

I have the honor to be

Sir

your most obedient servant
