14TH MARCH 1891, No. 747 W., PUBLIC WORKS.

747  
1

GOVERNMENT OF MADRAS.  
PUBLIC WORKS DEPARTMENT.

Buildings and Roads.  
Civil Works.

Read—the following paper:—

Proceedings of the Board of Revenue (Land Revenue), dated 21st January 1891,  
Mis. No. 498.

MR. W. A. HAPPELL.

Read—the following letter from J. HANNAN, Esq., Superintending Engineer, II  
Circle, to the Collector of the Kistna district, dated 17th December 1890,  
No. 2332 K.S.

As directed in G.O., No. 1593 W. of 9th June 1890, on G.O., No. 3269 of 28th  
May 1890, Revenue, I have the honor  
to forward, herewith, estimates, &c., as  
per margin, amounting to Rs. 28,400, for  
constructing a first-class taluk cutcherry  
at Guruzala in Palnád taluk, and to  
request that sanction of Government may  
be obtained in the usual course.

5 Estimates.  
1 Specification.  
1 Report.  
1 Site-plan.  
1 Data sheet.  
1 Tracing of marble pillar.

2. The necessity for the work is explained in the report accompanying.  
3. As requested in your letter No. 6426 of 2nd September 1890, marble pillars  
have been allowed to the verandahs instead of teak-wood posts as provided for in the  
type design.

4. I have to inform you that Rs. 3,000 have been applied for this work in letter  
No. 332 G.L. of 19th October 1890 to the Chief Engineer, Public Works Depart-  
ment, for expenditure in the current official year and, as therein requested, permission  
may be granted to collect materials in anticipation of sanction to the estimate.

Endorsement by the Collector of the Kistna district, dated Masulipatam, 18th  
December 1890, No. 9387.

Forwarded to the Board of Revenue.

The estimate will require revision when the new taluk cutcherry plans are  
received.

Meanwhile sanction may be given to collect materials. The "marble" pillars  
are ordinary limestone of the country and it is to be desired that it should be made  
more use of for building.

The Executive Engineer, Eastern division, has recently found an easy method of  
cutting this marble.

Resolution—dated 21st January 1891, Mis. No. 498.

Submitted to Government with reference to G.O., dated 22nd November 1890,  
No. 7177, as the Collector says the estimate will have to be revised after the receipt

1 Drawing of marble  
pillar.

Sir,

As directed in G.O. No 1593 W of 9<sup>th</sup> June  
1890, on G.O. No 3,269 of 28<sup>th</sup> May 1890, Revenue, I  
have the honor to forward herewith Estimates as  
per margin amounting to Rs 28,400 for constructing  
a 1<sup>st</sup> class Taluk Cutcherry at Guruzala in Palnad  
Taluk, and to request that sanction of Government  
may be obtained in the usual course.

2. The necessity for the work is explained in  
the report accompanying.

3. As requested in your letter No 6426 of 2<sup>nd</sup>  
September 1890, marble pillars have been allowed  
to the verandahs instead of teak wood posts  
as provided for in the Type design.

I have to inform you that Rs 3000 have

of the revised plan for first-class taluk offices now under preparation, but sanction may meantime be accorded for the collection of materials.

2. Care should be taken in building this and all other taluk cutcherries that the front of the building faces the north. When this is not done, the afternoon sun shines straight into the Tahsildar's court and into the prisoners' cells, causing great annoyance. The morning sun is agreeable to the prisoners and causes no inconvenience to the taluk establishment as the office is not open before ten except on special occasions.

FORT ST. GEORGE,  
26th February 1891.

(Signed) C. A. GALTON,  
Secretary to Government.

ORDER—dated 14th March 1891, No. 747 W., Public Works.

Communicated to the Superintending Engineer, II Circle, who will re-submit the estimate, with the necessary alterations, after receipt of the revised type design for taluk offices now under preparation. Meanwhile the collection of materials may be proceeded with from the grant provided for the work in the Provincial budget for 1891-92.

2. Para. 2 of the Revenue Board's Proceedings above recorded will be communicated to all Superintending Engineers with the remark that the conditions therein should be fulfilled if possible.

3. The Consulting Architect will expedite the submission of the revised type plan of taluk offices.

SUBJECT.

Subj. for orders Krishna  
Coll's letter forwarding  
estimate for constructing  
a taluk catchery at  
Guruzala Palnad Talug.

747 W  
Public Works Department.

Current No. 2488

Letter No. 1342

Dated 26 Feb 1891

From the Revenue Dept.

SW Preliminary

NOTE OF REMARKS.

The revised estimate  
under review amounting  
to Rs 20,400 for constructing  
a Taluk Catchery at  
Guruzala is submitted  
for sanction.

It seems to me that  
all the Revenue Dept  
work for is "submit to  
the collection of materials  
This can be done; &  
submit the estimate  
knowing that it was  
submitted with some  
etc -

On the suggestion of  
the collector the Revenue  
Dept request the sanction  
of the estimate in order  
that the materials  
may be collected although  
it is remarked that  
a fresh estimate  
to be framed when  
the revised types design  
is issued.

The suggestion might  
result in a great saving  
of money. The material  
collected would be

for the present design,  
whereas it appears to be  
the intention of the  
Rev. Dept. to have the  
building constructed  
on the revised design  
the nature & quantities  
of the materials of which  
are not yet known.

It may be well  
to explain this to  
the Revenue Dept. and  
let the matter lie over  
till the revised design  
is issued.

In para 2 of the proceedings  
of the Board of Revenue  
it is pointed out that  
where the Cutcherry or  
the cells do not free  
northward incommunion  
is felt by the afternoon  
sun shining into the court  
& cells.

It may therefore be  
well to issue a circular  
memo directing S.D.  
to see that Cutcherry  
buildings face north  
& that the north point

is shown in the  
plans which is not  
always done.  
C. W. P.

W. 747/6

I think permission  
might be given to go  
on with the alterations  
of material - there  
will not be any  
very great  
radical change in  
the revised type  
designs called for  
from the C.A. and  
at any rate the  
material will  
remain the same -

In p.p. 646W of 6.3.91  
the Rev. remarks that  
work on the Salang  
Cutcherry is being  
stopped, and that he  
is disposed to think  
that revision of the  
present design is  
unnecessary -

Para 2. of the  
Board's Proceedings  
(498 mins) might be  
circulated to the

Leave the effect of  
circumscribing the  
chain of suitable  
sites - If appeal  
later date under  
review, the heads  
then proposed  
thence would  
save the Road
