14TH MARCH 1891, No. 750 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Buildings and Roads.
Civil Works.

READ—the following paper :—

From Lieut.-Colonel R. R. E. DRAKE-BROCKMAN, R.E., Superintending Engineer, IV Circle, to the Chief Engineer, Public Works Department, dated 28th February 1891, No. 113 E.W.

Adverting to G.O., No. 3468 W. of 5th December 1889, directing to submit, in communication with the Collector, an estimate for making the old palace at Chandragiri safe and restoring it in conformity with the original design, I have the honor to report that I have inspected the palace and consider that nothing more can be done at present than what has been hitherto done. Anything further required must be carried out on the principle of making it architecturally a success and the proposal of the Executive Engineer that the Consulting Architect to Government should inspect the building and see what can be done in this direction merits consideration.

ENCLOSURE.

From Major C. O. RAWSON, R.E., Executive Engineer, North Arcot division, to the Superintending Engineer, IV Circle, dated Vellore, 2nd February 1891, No. 613 S.E.

With reference to your No. 3468/1 W.-26 N.A., dated 15th January 1891, I have the honor to draw your attention to my letter No. 697 S.E., dated 10th January 1890, and to G.O., No. 731 W., dated 23rd March 1885. I think that the Consulting Architect should be asked to inspect the building and to suggest proposals for what may be considered necessary.

An estimate for Rs. 400 was sanctioned by the Superintending Engineer in his No. 1724, dated 12th July 1890, for the purposes mentioned in my letter No. 439 M., dated 5th August 1889, to the Collector, North Arcot; copy of this letter is attached to G.O., No. 3468 W., dated 5th December 1889; and the work is now in hand. I do not think that anything more is really necessary at present. I would suggest that, on your inspection of the North Arcot division, you should visit the building and decide what had better be done.

ORDER—dated 14th March 1891, No. 750 W., Public Works.

Communicated to the Public Department with reference to its endorsement of the 29th November 1889 on Proceedings of the Board of Revenue, No. 5109, Mis., dated 24th August 1889.

2. The Government considers that no further action is necessary at present with respect to the restoration of the old palace at Chandragiri.

To
The Chief Engineer
P.W. Department

Sir,
According to G.O. No. 3468 of
5th December 1889, directing to
submit in communication
with the Collector an estimate
for making the old palace at
Chandragiri safe and restoring
it in conformity with the ori-
ginal design, I have the honor
to report that I have inspec-
ed the palace and consider
that nothing more can be
done at present than what
has been hitherto done. Any-
thing further required must
be carried out on the principle
of making it architecturally
a success and the proposal of
the

The Executive Engineer that the
Consulting architect to Govern-
ment should inspect the build-
ing and see what can be done
in this direction ^{merits} consi-
deration.

Reports regarding
the present state of the—
and states that the Consulting
Architect may be consulted
on the subject

From
No 61352. Vellore 2nd February 1891

From
Major C.C. Rawson R.E.,
Executive Engineer
North Street

To
The Superintending Engineer
IV Circle

Sir,
With reference to your No
(3468 W) 26th n.a. dated 15th January 1891,
I have the honor to draw your
attention to my letter No 6973.2.
dated 10th January 1890 and to G.O.
No 731 W dated 23rd March 1888. I
think that the Consulting
Architect should be asked
to inspect the building and
to suggest proposals for what
may be considered necessary.
An estimate for Rs 400 was
submitted by the Superintending
Engineer in his No 1724 dated
12th July 1890 for the purposes men-
tioned

Read the following:—

From the Suptg Engr in Circle No 113 P.W. of 28th
February 1891

75/4

FOR ORDERS. whether the
Consulting Architect
shall be directed to in-
spect the building and
submit proposals for its
restoration as suggested
by the Suptg. Engineer.

I think the Consulting Architect
has on hand quite as much
as he can do. The estimate
from Mr. Brockman's
letter to be left enough and
I think the work of architect
restoration may wait.

2. The work provided for
in the estimate of Rs. 2491
sanctioned in S.O. No. 731 W
of 23rd March 1885 was
completed in 1889-90.
