17TH MARCH 1891, No. 774 W., PUBLIC WORKS.

GOVERNMENT OF MADRAS.

PUBLIC WORKS DEPARTMENT.

Civil Works.
Account.

READ—the following papers:—

From C. H. B. BURLTON, Esq., Executive Engineer, Chingleput division, to the Superintending Engineer, V Circle, dated Chingleput, 19th February 1891, No. 5000.

With reference to your endorsement No. 151 C.N., dated 16th February 1891, I observe that by G.O., No. 114 I., dated 10th February 1891, Pullarambaukan tank has to be treated as a relief work; but to comply with this order, if payments have to be made daily, another overseer is necessary. I should, therefore, feel obliged for further orders.

No. 91 W.

Forwarded to the Chief Engineer, Public Works Department, with request that another extra overseer may be appointed to the Chingleput division. I cannot see why daily payments are necessary, and, if this system is to be enforced on all relief works, establishment will have to be much increased.

(Signed) D. McN. CAMPBELL, Major, R.E.,
Superintending Engineer, V Circle.

2nd March 1891.

From Major D. McN. CAMPBELL, R.E., Superintending Engineer, V Circle, to the Chief Engineer for Irrigation, dated Chepāk, 6th March 1891, No. 85 E.I.

With reference to your memo. No. 21 C.N., dated 4th instant, I have the honor to state that I was informed by the Sub-divisional officer, when inspecting relief works at Ponnéri, that the Revenue authorities wished payments to be made daily and that the Executive Engineer had given him orders accordingly. I have personally received no official orders.

No. 1335 C.

Referred to the Revenue Department for favor of very early information whether it is intended that daily payments should be made to laborers on works of the nature referred to.

(Signed) J. PENNYCUICK, Colonel, R.E.,
Secretary to Government, P.W.D.

10th March 1891.

No. 1702, Revenue.

Retransmitted to the Department of Public Works with the remark that orders have been issued in G.O., dated 9th instant, No. 175, directing that arrangements be

made for making payments "at frequent intervals" to laborers employed on works specially selected for relief purposes. It rests with the Collector to determine whether *daily* payments are required on any particular work.
