Copy of a letter, dated 23rd November 1891,
from the Mahant of Tirupati, to the Super-
intendent, Government Telegraphs Department
Madras.

A telephone line is established from
the Devasthanam's Office, Kataranije in
Tirupati to Tirumalai Hills - via Row
Road, since three years. Thus there are
3 stations, and the distance of the line
is 4 miles. It was first undertaken
and completed by the Oriental Telephone
Company. They are superintending the
said line on payment of Rs 25/- per month,
themselves supplying the necessary
materials. But of late, they were not
punctual, and ready to set things right
and attend to the proper working of the
instruments. It is therefore hoped that
the Government will be good enough to
undertake the supervision thereof, and
let

we know the charges that will be incurred therefor. The line is complete, and the Government should only superintend and maintain it, which is entirely a private one, and intended for private use only.

The persons deputed to inspect it, should be natives and of such castes as are allowed to go up hills, and enter over dwelling houses and none others. Expecting an early reply in detail.
