1 - ENCLOSURE.

Referring to the only dept concerned on the subject of Provincial roads in Ramandroog Sanitarium being taken charge of by the Public Works Dept and enquiring whether there is any objection to effect being given to the proposals of the Asst. Engr, in circle.

Copy of a letter No. 2700 dated 11th December 1890 from Col. H. Smalley R.E. Supy. Engr. 3rd Circle to the Chief Engineer Madras Command Military Works.

84/32 SP

The Military Buildings at the Ramandroog Sanitarium in the Bellary Collectorate are in the charge of your Department whilst the roads up to the Droog on either side are in the charge of this Dept. being classed as "Provincial" on account of their being in the Soudoor Estate. Out side of the Estate again, the roads are in charge of the Bellary Local Fund Board. There are also a few Provincial buildings on the plateau in charge of this Dept. viz. the Church and Cemetery, the Sub Magistrate's Office, and Police Lines and Imperial Civil Building, the Post Office. Now it seems to me rather absurd that two Departments should be working independently in this isolated place and that it would be far better if all the work there were put in charge of one or other Dept. and that Department would naturally be the Military Works Department. There are 21 miles of road (13 on one side and 8 on the other) in the Soudoor Estate leading up to the Droog now in charge of the P.W.D., and for these we have a maintenance allowance of Rs. 200 a mile with a lump sum of Rs. 500 to maintain the paths on the plateau. This allowance is I think sufficient, but it might possibly be increased if good cause were shown. A small sum would suffice to keep up the Civil Buildings. I do not know what is allowed for keeping up the Military Buildings.

Supy. Engr. 368/11

but seeing they are valued at upwards of 2 lakhs of Rupees I should suppose not less than Rs. 2000 per annum would be required for the purpose. An annual expenditure of not less than Rs. 7000 may be expected on the plateau and immediate neighbourhood and if this were concentrated under one Department I should think a Sub Overseer might be kept permanently at Ramandrog and that both roads and buildings would be better looked after than they can be at present. I think the Assistant Engineer Military Works Department at Bellary would easily inspect work monthly. The Sultempoor Canal Lines are also in the same direction. I beg to commend this proposal for your consideration.

Copy of a letter No. 7576 dated 17th December 1890. from Lt Col. Tomkins Chief Engineer Madras Command Military Works to the Superintending Eng^r. III Circle.

I have the honour to acknowledge the receipt of your letter No. 2700 dated 11th Instant

2. The case of Civil works at Ramandrog appears to fall under the provisions of para 7 of Military Dept. letter No. 1763 M. W. Dated 14th September 1889 to the Government of Madras printed in M. G. No. 3645 to Public Works dated 21st Decr/89

7. The other Military stations occupied by Madras Troops would remain in charge of the P. W. D. On the other hand the Military Works Dept. would be required to undertake charge of Civil Public Works if so desired, in Military Stations where there is a Military Works Establishment.

and copied in the margin

3. I would suggest that you should make your proposal to the Government of Madras unless the Executive Engineer sees grave difficulties. I see no objection to the scheme.

From

BRIGADIER-GENERAL E. H. EYRE,

To

QUARTER MASTER GENERAL.

THE SECRETARY TO GOVERNMENT,

MILITARY DEPARTMENT.

SIR,

In returning as requested the
correspondence referred to this office with
Military Department Reference Order
No. 287 of 16th January 1891, I am desired
to report for the information of Govern-
ment, that the Commander-in-Chief
is of opinion that the Military Works
Department might act as the agent of
the Government of Madras for the
execution of repairs &c to the civil
Buildings at Ramandroog, but
His Excellency considers it would
not be suitable for that Department

Military (189/) Department.

End in the Military Dept, No 1523, dt 12. iii. 91.

9 P
The Provincial buildings at Ramandrag will be handed over to the Military Works Dept for upkeep, and the maintenance grants for the works placed at the disposal of the Comd Architect in accordance with the arrangements sanctioned in G.O. No 2464, dated 26th January 1891. The Supt Engineer III Circle will report the sum to be thus transferred with effect from 1891-92.

no

to have any thing to do with the roads.

It would appear that the Local
Fund Roads are in continuation
of the Provincial roads, and there
would be divided responsibility
for their maintenance. Moreover,
the officers and subordinates of the
Military Works Department would
use the road between Hospett, and
Ramandroog while the 8 miles on the
other side of the plateau would be
completely out of their beat.

I have the honor to be,
